## VILLAGE OF GOLD RIVER

### PUBLIC NOTICE

Tuesday, January 10, 2017

### **ALL INDUSTRIAL SITE WATER USERS of the Village of Gold River Water System**

This is to notify Industrial Site users that we have been advised by  
Island Health Authority (VIHA)  
that a potential health hazard may exist in the water supply.

#### **THERE HAVE BEEN NO HEALTH INCIDENTS REPORTED AT THIS TIME**

Please note that all water used for domestic purposes (ie., drinking, cooking, brushing teeth, etc.,) should be boiled (rolling boil) for a minimum of two minutes prior to consumption

The requirement will remain in effect until we are notified by  
Island Health Authority (VIHA).

#### **WE APPRECIATE YOUR COOPERATION**

#### **DETAILS OF CURRENT INFORMATION**

This notice is issued as a result of Equipment Malfunction during distribution; a frozen distribution line across the Gold River bridge and loss of water pressure.

The Village of Gold River will provide advisory updates including notification of when the boil order has been removed to the municipal website at [www.villageofgoldriver.com](http://www.villageofgoldriver.com), the local Conuma Cable Community Channel and the Gold River Buzz at [www.goldriverbuzz.com](http://www.goldriverbuzz.com).

For more information please contact the Village Office at (250) 283-2202.
