We are excited to add **Elite Copy** to this year's sale. Elite is Sired by **Ollendick Farms Carbon Copy**, the 2015 ILR National Champion Suri Male. Carbon Copy has produced multiple Best In Show and Futurity winners for us. His mother is the well-known FFF Carina, one of Ollendick's best producing females.

Elite's dam is a daughter of **Eskalero**, who needs no introduction. Elite is the **5th Generation Female** that we have owned from her dam line. All **Proving to be Excellent Mothers** and great milkers.

Elite is already **Proven in the Show Ring**, earning a **Grand Champion** at her First Show in the Suri Division. With her flashy color, **Beautiful Fiber** and presence she will be a **Winning Show Partner** with a **Great Future** as a foundation breeding female.
