DAVID HOFF'S 24TH ANNUAL DAY AFTER CONVENTION

MONDAY JANUARY 31, 2022

Sorry, for the delay in getting this announcement out to you all. I have been waiting to see if IADCCT would be moving forward with a live Convention. I am hoping things remain the same or improve with hosting live events. Currently the only rules we need to follow as of October 8, 2021 is that participants at the event wear a mask. So, I am willing to do this and hope you are too.

As usual, I have not determined the project, however, it will be featured around Brushwork. I will be using translucent underglaze for the project therefore; the technique will be written in both Colors for Earth and Duncan. It is my understanding Mayco is expanding the EZ-Stroke line. Again, this is a trust me project, however the goal is to have the project up for view around December 1, 2021.
