

What kind of tires does my car come with?

- All cars come with standard tires unless otherwise specified. If you would like to purchase winter tires for your car, you can do so after the car is picked up. Winter tires are usually available for purchase at a local tire store or dealership. **Please be aware, the purchase of winter tires is at the registered driver's own expense and the original tires must be on the car when it is returned.**
- Please note, M & S Tires are not the same as winter tires.
- It is the registered driver's responsibility to be aware of and follow all driving laws including those that may require a specific type of tire as a result of particular conditions.
