DESCRIPTION: Here is a funky unique bow that appears to have been custom made. A previous owner dyed the bow green (presumed for a more camo effect), and much of the green dye still remains on the riser and won't come off with acetone or goof off pro. It was not worth it to me to completely strip the riser and refinish it. But you may want to do that as a project. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in good condition. No drilled holes. No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there.

COMES WITH A BRAND NEW STRING.
