PRINT & GRAPHIC DESIGN SOLUTIONS

ADP-LLC provides our clients a world of solutions to meet all their printing needs. Have a challenging area with your communications? ADP-LLC is here to help! We turn ideas/images into quality print materials and timely distribution. ADP-LLC print supply chain business strategy applies best-in-class facilities, proven industry best practices, innovative proprietary technology, expert personnel and socially responsible and respectful. Our services include:

- Print Management Services
- Digital short-run solutions with stellar color and stock solutions
- Print on Demand
- 6 & 8 color sheet-fed offset (up to 40") for long run options
- Wide format for banners, signs, pull-ups
- Prototypes
- Graphic design targeted to your audience and preferences (banners, signs, brochures, business cards, flyers, booklets and more)
- Copy writing to make sure your audience identifies with your message
- No job too small or too large to handle
- Nationwide coverage and delivery
- Suggested ideas for the most economical and impactful solutions

DIFFERENTIATORS

At ADP-LLC, we continually stay abreast of the new ideas entering our industry. From 3-D printing to paper-thin displays, we are continually looking for that disruptive technology that will help our clients set themselves apart.

EPRINT – One such new offering is **EPRINT** – a novel way to print your documents literally in the cloud (sky) and have them waiting for you at the kiosk in the airport, airline club or partnered location. Ask us how you can use **EPRINT** for your customer base.

ADPprint4u – Our leading technology provides a seamless portal for ordering, estimating, tracking and re-ordering repetitive print needs, i.e. business cards, note cards, stationery, envelopes, etc.

PAST PERFORMANCE

A. DFW INTERNATIONAL AIRPORT – *As the contractor to handle airport printing not produced in their internal print shop, we handle a variety of print request. These include helping them deliver their newly branded embossed letter head for executives and others, financial printed bond books, banners, signs and posters, perfect bound safety booklets and more.*

DFW International Airport, Greg Spoon, Vice President Purchasing and Material Management, gspoon@dfwairport.com

B. A WALL EXHIBIT – *When Xerox needed to produce a wall exhibit for Siemens that showed life-like components, transformers and pipes, they turned to ADP-LLC. Our graphic designers utilized two photos and created an exciting life-like result. We printed and hung the display in Atlanta, GA.*

Xerox, Michelle Benedict, Document Advisor, Siemens Industry, Inc., Michelle.Benedict@xerox.com

C. DESIGN & REBRANDING – *We rebranded and refreshed marketing materials to tie this \$250 million M/WBE four companies together in the marketplace. This resulted in graphic design and production of brochures, flyers, business cards and multiple pop-up displays and banners for exhibits.*
