# Pittsfield CFCE

## Coordinated Family Community Engagement Monthly Programming

**Tiny Tots Story Time** is a parent/child program that is centered around a theme from children's literature and integrates pre literacy, math, sensory, fine and gross motor activities. Each week children will participate in a story, craft, music, and movement.

**Preschool Play and Learn** is a parent/child program that is centered around a theme from children's literature and integrates pre literacy, math, fine and gross motor skills. A variety of exploration opportunities for children 3 to 5 years old.

**Baby and Me** is an interactive playgroup for parents with infants up to 15 months old. Explore books and activities with your baby! Connect with other parents! Each parent will complete an Ages and Stages Questionnaire and receive information about child development. Free Board Book will be given out each session. To register please call Jenn Faulconer at 441-0974.

**STEM Parent/Child Session** is a parent/child interactive session. Come explore the world of Science, Technology, Engineering and Math with your child at the Berkshire Museum. Each week we will investigate a different topic through books and hands on activity stations. STEM program geared for children ages 2 to 4. To register please contact the Berkshire Museum at 443-7171 ext. 334. Space is limited.
