

DISCOURAGED SHORT PLANT LIST

Some plants that are invasive, a fire risk, or have a low wildlife value and displace native plants.

Trees

Tree of Heaven *Ailanthus altissima* "I" - Invasive.
Alternative Trees: Goldenrain Tree & Black Walnut

Eucalyptus *Eucalyptus globules* Not for safe
firescapes. Alt. tree: Deodar Cedar & Cottonwood

Shrubs & Ground Covers

Scotch Broom *Cytisus scoparius* "I" - Invasive.
Alternative Plants: Dwarf Coyote Bush & Flannel Bush

Chamise *Adenostoma fasciculatum* Not for safe
firescaping. Alternative Plant: Wild Lilac or Redbud

Vinca (Periwinkle) *Vinca major* "I" - Invasive.
Alternative Plants: Honeysuckle & Pipevine

English Ivy *Hedera helix* "I" - Invasive. Snails &
Rats. Alternative Plants: Pipe Vine & Honeysuckle

These plants are discouraged from being shared, sold or allowed to spread because they are invasive, displace native plants or because they do not make fire safe landscapes. For more information on other invasive species, such as yellow star thistle, go to www.calipc.org (California Invasive Plant Council) for a list of plants that should be removed when properties are developed.

Native & High Value Plants

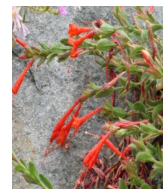

The City of Placerville assembled this sampler to identify native plants & high value plants that provide for special City needs. Native plants ensure that there are natural features in our man-made environment and ensure that during severe droughts some of the landscape will survive. Plants that serve special needs are trees in parking lots, are ideal for lining sidewalks, grow in planters, are fast growing, can grow under power lines without having to be pruned annually, screen unsightly views such as propane tanks and provide buffering. Also, included are plants that are disease resistant and native plants that provide a high wildlife value (food and/or shelter).

PLACERVILLE DR. HERITAGE OAK

This sampler highlights a partial list of plants for specific situations. To view the complete city Master Plant List go to: www.cityofplacerville.org

MASTER PLANT LIST

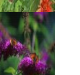

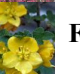

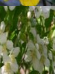

Sample List of *Encouraged & Signature* Plants

Recommended Plants for Commercial Landscape

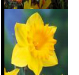

OVERSTORY Trees Parking & Natural Areas

	Valley Oak <i>Quercus lobata</i> "S" "N" - Parking Lot Shade Tree, Heritage "D"	<i>Canopy Lg. & Sm. Shade Trees</i>
	Sycamore <i>Platanus x acerifolia</i> "NN" Street & Parking Lot Shade Tree "D"	
	Tulip Tree <i>Liriodendron tulipifera</i> "NN" Street & Parking Lot Shade Tree	
	Black Maple <i>Acer platanoides</i> "NN" Parking Lot & Line Sidewalk Tree	
	Ginkgo <i>Ginkgo biloba</i> "NN" Street Tree and Gold Fall Color	
	Big Leaf Maple <i>Acer macrophyllum</i> "N" Shade, Fall Color & Fire Resistant	<i>Natural Drainage & Retention</i>
	Western Sycamore <i>Platanus racemosa</i> "SN" Shade & Drainage Area Tree	
	Cottonwood <i>Populus fremontii</i> "N" Drainages and Fire Resistant	
	Black Walnut <i>Juglans californica</i> "D" "N" Shade, Long-lived for Natural Areas	
	White Alder <i>Alnus rhombifolia</i> "N" Lawns, retention pond & drainages	
	Ponderosa Pine <i>Pinus ponderosa</i> "D" "S" "N" Screen, Windbreak & Woodland	<i>Wind Shelter & Screening Trees</i>
	Incense Cedar <i>Calocedrus decurrens</i> "N" Screening, Windbreak & Woodland	
	Sequoia <i>Sequoiadendron giganteum</i> "SN" Screening, Windbreak & Woodland	
	Blue Elderberry <i>Sambucus Mexicana</i> Power Lines, Screen & Buffer "D"	
	California Bay <i>Umbellularia calif.</i> "N" Screening & Under Poles, Evergreen	

UNDERSTORY Small Trees, Shrubs & Woody Plants

	Toyon <i>Heteromeles arbutifolia</i> "N" Hedges, Screens and Winterberries "D"	<i>Landscaping Planting & Color</i>
	Western Redbud <i>Cercis occidentalis</i> "N" Flowers and Informal Hedges "D"	
	Coffeeberry <i>Rhamnus tomentella</i> "N" Hedges, Flowers and Screening "D"	
	Spice Bush <i>Calycanthus occidentalis</i> "N" Fragrant Leaves, Hedges & Screening "D"	
	Butterfly Bush <i>Buddleja</i> spp. "D" Colorful flowers, Butterflies & Hedgerow	
	Arroyo Willow <i>Salix lasiolepis</i> "N" Natural Areas & Drainages, Non-spreading	<i>Natural Areas, Color & Flowering</i>
	Crabapple <i>Malus</i> spp. Understory, Small Tree with Flowers	
	Flannel Bush <i>Fremontodendron</i> CA "N" "D" Sloped Areas, Flowers, and Erosion Control	
	Mock Orange <i>Philadelphus lewisii</i> "N" Fragrant flowers, Hedges & Screens "D"	
	Azalea <i>Rhododendron occidentale</i> "SN" Flowers Have Intense Heady Fragrance "D"	
	Crape Myrtle <i>Lagerstroemia indica</i> Under Power Lines, Containers & Street	<i>Entrances, Color & Containers</i>
	Flowering Dogwood <i>Cornus</i> spp. Flowers, Containers and Street Tree	
	Goldenrain <i>Koeleruteria paniculata</i> "NN" Street Tree, Flowers & Fall Color	
	Alberta Spruce <i>Picea glauca albertiana</i> Entrances, Containers and Small Planters	
	Mugho Pine <i>Pinus mugo</i> Entrances, Containers and Small Planters	

GROUND COVER Herbaceous Plants & Vines

	Manzanita <i>A. "Emerald Carpet"</i> "N" Thick Ground Cover "D"	<i>Colorful Plantings for Planters</i>
	Wild Lilac <i>Ceanothus</i> spp. "N" Flowers and Dark Green Foliage "D"	
	Oregon Grape <i>Mahonia</i> var. <i>repens</i> "N" Flowers, Berries & Erosion Control "D"	
	Bush Anemone <i>Carpenteria calif.</i> "N" Showy White Flowers & Ground "D"	
	Showy Milkweed <i>Asclepias speciosa</i> Butterflies, Long-lived Flowers	
	Columbine <i>Aquilegia formosa</i> "N" Humming Bird Flowers	<i>Drainage & Erosion Control</i>
	Snowberry <i>Symphoricarpos mollis</i> "N" Showy White Fruit & Wildlife Cover	
	Currant/Gooseberry <i>Ribes</i> spp. "N" Beautiful Flowers & Ground Cover	
	CA Blackberry <i>Rubus ursinus</i> "N" Non-invasive, Bird Shelter & Berries	
	Monkey Flower <i>Mimulus aurantiacus</i> Masses of Orange Flowers "N"	
	Million Bells <i>Calibrachoa</i> sp. Long-lasting Flower Blooms	<i>Roadsides, Containers & Entrances</i>
	Coral Bells <i>Heuchera</i> spp. Colorful Foliage and Flowers	
	California Fuchsia <i>Zauschneria</i> spp. Xeriscape & Long-lasting Flowers "N"	
	California Poppy <i>Eschscholzia calif.</i> Xeriscape & Long-lasting Flowers "N"	
	Daffodil <i>Narcissus</i> spp. Xeriscape & Long-lasting Flowers	

Legend: S—Signature, Heritage, or Landmark; N—Native to EDC & Placerville; NN—Non-Native, Exotic, & Introduced; I—Invasive Plants D— Drought Tolerant
