14th Annual LIU Post Band Festival at Tilles Center April 10 – 13, 2018

PARENT INFORMATION SHEET

Students – PLEASE be sure to show this sheet to your parents/guardians

This festival is a multi-day wind band festival that brings together a noted international composer of wind band music with the student musicians at LIU Post and a select number of high school musicians around the NY metropolitan area to prepare and perform a varied program of music that will include several pieces by the invited Composer-in-Residence. This 4-day event includes clinics and rehearsals on and off campus with two different high school band ensembles, LIU Post's Wind Symphony, and the *2017 Tilles Festival Band* – which is an honor ensemble made up of over 120 select high school musicians chosen by recommendation of their Band Director combined with the members of the LIU Post Wind Symphony. Clinics and rehearsals take place for three days, and culminate on the fourth day in the Festival Concert. Our 2018 Composer-in-Residence will be internationally renowned composer Mark Camphouse.
