

CONNECT Business Challenge Committee Report

Committee: Student Business Challenge Committee

Chair: Nora Vacariu Webster

Email: connectbusinesschallenge@mccpta.org

Plans for the Student Business Challenge for the 2020-2021 school year are on hold pending internal decisions made by the program lead sponsors. Decisions on the future of the program are expected by the end of December.

All partners continue to be interested in providing the business challenge opportunity to MCPS students. If the program will continue online this school year, the MCPS virtual learning management system is already in place.
