The lodging rate of \$140.00 is for bunking with an additional roommate. Single rooms are \$180.00, but SVINA will only reimburse \$140.00 of this. Any adjustments or exceptions to this can be discussed on a per-case basis at the ASC table, and will require the approval of the GSR threshold to override this. Note that trusted servants can also practice tradition 7 by not requesting reimbursement for this difference, to offset what money they normally put in the basket at meetings.
