

IRON GIANTS ROBOTICS

EDWARDSBURG HIGH SCHOOL

We are a "FIRST Inspires" FRC High School Robotics Team

What does the Robotics Team Do?

- We build a robot to participate in Regional, State, and International Competitions
- Inspires students to pursue careers in Technological Sciences
- Provide valuable skills to increase student's potential

• How Do Students Benefit from Robotics?

- Learn CAD and Programming Skills
- Gain Project Management Experience
- Learn About Engineering
- Work as a Team and plan game strategies
- Practice Gracious Professionalism
- Gain Business & Marketing Skills
- Participate in Community Events
- Learning about the Importance to Form Partnerships with Area Businesses
- Practice Problem Solving Skills

• Robotics Opens Doors to Scholarships and Internships

- The FIRST Organization provides over 900 possible scholarship opportunities
- Participation in Robotics looks great on College and Work Applications

• Corporate Sponsors Are What Makes Robotics Possible!

- Donations are Tax Deductible
- Financial Support is crucial to build & participate in competitions
- Donations of parts & services are appreciated
- Becoming a Mentor is welcomed as well
