For voting purposes at the Annual Meeting, each Club is represented by delegates and alternates. To assist you in determining how many delegates and alternates your Club is officially allowed, below you will find an example for calculations.

1. Count only those members who have paid dues that have been submitted to NFRW.
2. Club President.
3. Delegates allocated each Club. (2)
4. Plus one additional delegate for every twenty (20) paid FULL members. (No associates may be included).
