Re: Maxine Haber

To Whom It May Concern:

I am writing to recommend the services of Maxine Haber, a.k.a. Coach Maxine. She is the Head Coach/Owner of STARcise, a Mobile Kids Fitness Company in South Florida. The Haber family is very involved in our synagogue; her children attend our weekly Hebrew School and she and her husband attend services with their daughters every Friday night for Shabbat services.

Our Early Childhood Center is fortunate to have her on campus as our Physical Education teacher. She teaches 5 different classes weekly, and provides excellent physical education. Maxine not only teaches exercise, she explains healthy nutrition. The students, teachers and staff love her enthusiasm and positive spirit. Her knowledge and ability to engage her students in an exciting and informative format continues to be a valuable resource to our children.

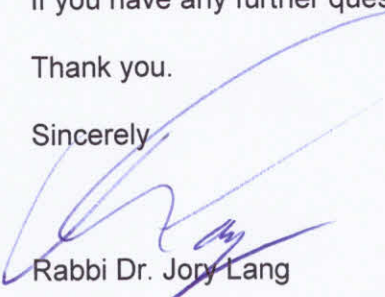

She offers a FREE demo class to the preschool classroom of your choice. This allows your students, staff and administration to see firsthand whether her program truly would be a good fit for your students.

I feel confident in recommending that you consider adding the STARcise Preschool Fitness Program to your curriculum. She is not only thorough, but also easy to work with. She has seemingly endless energy, a true passion for fitness education, as well as the consistency in her programming and her flexibility in working with our school.

If you have any further questions, please feel free to contact me at (305) 891-5508.

Thank you.

Sincerely,

Rabbi Dr. Jory Lang
