## ABOUT THE DRIVE

The GlenOak Band has performed in their current band uniforms since 2008. During that time, The Pride of Plain Township has been featured in New York City, Philadelphia, Orlando, and hundreds of local performances. Band uniforms typically last about 10 years before they need replacement due to wear and tear.

Our students, parents, and staff have worked on creating a new uniform design that honors the band members of the past, present, and future. Upon completing our last uniform drive in 2007, we began saving funds each year preparing for this purchase. Our parent booster group, PLIMPA, has spearheaded this fundraising. This uniform drive aims at raising the remaining 25% of the funds needed to purchase new marching, concert, and color guard uniforms for the 2020 school year.

**Making a donation may be Tax Deductible. PLIMPA is a 501(c)(3) charitable non-profit.**
