

Heaven Sent Nursery School parent testimonials:

It all started with my daughter Jillian 20 years ago - she had a fantastic, loving teacher, Mrs. Ravo. My oldest daughter, Samantha benefited from Mrs. Ravo's, direction and grace, during her retirement year, with her own firstborn, Michael. Now it's Olivia's turn. Heaven Sent is outstanding. Their message to the children and their parents is unwavering, genuine, filled with love and kindness every step of the way. I am so very happy my daughters and now grandchildren were able to experience the teachings and leadership of this wonderful school. Thank you, with all I have.

We loved Heaven Sent for our daughter 7 years ago, and we love it again for our son now! It is such a special place -- child-centered, family-centered, developmentally appropriate for the littlest of learners, and fun!

My daughter loves her school! Great teachers and atmosphere for the kids!

My daughter had a wonderful, magical and supportive first year of preschool. The teachers are incredibly talented and my daughter had a great time. Highly recommended.
