

Help with a slipped disk

As you may or may not know a herniated disc injury is often called a slipped disc injury. These types of injuries can be very painful, in fact they can prevent a person from being able to work or perform their daily responsibilities in a successful manner. Slipped disc injuries occur when the soft part of the disc core extends into the connective tissue that runs throughout the spine area of a person's body. If you believe that you might have a slipped disc injury don't suffer from the pain that it's causing you just contact Back to Health Kent Chiropractic because we specialize in healing injuries of this nature.
