

PARIS TEXAS HARDWARE

# EasyPull™ FABES

<u>Feature</u>	<u>Advantage</u>	<u>Benefit</u>
• Adjustable cord length	Competitors ship a specific length	✓ Custom length cord
• Max length 38 feet	Competitors are limited	✓ Customer satisfaction
• Track length adjustable on site up to 6" max	Competitor requires a complete restringing	✓ Can adjust for mismeasure
• Polymer rings	Will not warp and degrade like wood	✓ Hang straight and more durable
• Eyelets integral to glide	Screwed in eyelets can degrade	✓ Stronger
• Unique tricycle glide	Normal glides can stick	✓ EasyPull™ smoother draw
• Last glide is part of end cap	It's not a ring	✓ Aesthetic is preferred
• Off center draw possible with two systems	Competitors cannot offer	✓ Satisfied customer
• Universal track system	Competitors must restring to change draw direction	✓ On site option for the customer
• Confirmed by testing: holds up to 8 lbs per foot, highest maximum weight in the industry	Known strength vs. the unknown	✓ Easy pull of heavy fabric
• No upcharge for heavy-duty	Most competitors charge extra	✓ Cost savings and customer satisfaction
• Magnets in the master carrier	Competitors leave gaps	✓ Firm closure
• Pricing includes all but the finials	Competitors price most separately	✓ Cost savings
• Single/double front stationary panel with back traverse treatment	Flexibility	✓ Will work for any treatment
• Mitered splice on fascia	No gaps in splice	✓ Seamless
