Birds & Butterflies of Panama

@ Canopy Tower & Lodge

Brown-throated Three-toed Sloth

Timnia Clearwing

Collared Aracari

Join Nature is Awesome guide, native Floridian and butterfly expert Walter Wallenstein, and local Panamanian guide, Canopy Family's, Faustino "Tino" Sanchez for what promises to be an exciting and fun-filled tour of Panama's rich lowland and cloud forests! This comprehensive tour will focus on Panama's amazing birds, butterflies and mammals, while discovering the country's culture & history with every step. The first half of this tour kicks off at the world-famous **Canopy Tower** where toucans, sloths and even howler and tamarin monkeys can be seen right from your bedroom windows! WOW!

Our three night stay at **The Tower**, will be the perfect home base for daily explorations of Panama's Canal Zone lowland forests. The tower features an observation deck with an incredible 360° view of the forest canopy. What a way to start each day!

For the next three days we will explore hotspots in the lowland forest, including the world-famous **Pipeline Road**! Our second half of the tour is spent in El Valle de Antón, at the beautiful, relaxing and award-winning **Canopy Lodge**. The lodge's relaxing open-air dining area, allows you to dine alongside a stream where we will spend our mornings and afternoons surrounded by birds and butterflies! From the comfort of the lodge, we set out for daily hikes of the foothills and cloud forests of El Valle de Antón, which lies in the crater of an extinct volcano!

Explorations from the Canopy Tower and Lodge will be full of adventure and excitement. The staff at Canopy Family will make your stay a memorable experience that will have you coming back for more! So what are you waiting for? Book this awesome trip!
