

*I sit here thinking of you
My thoughts are blurred with fear
I wonder if you think of me
Do you wish I was still there
There are times in which I can't sleep
Because your essence fills my mind
I pick up the phone to call you
But I stop so I don't waste your time*

*Who am I to say you need me
I'm just a lost soul from your past
Who am I to say you want me
When there are others who cross your path
Who am I to say you reach for me
As I know I've been replaced
Who am I to say you love me
I know from your memory I've been erased*

*I walk by where we used to kiss
And remember how it was
The embraces and the long talks
It was the definition of pure love
I attempt to escape the memories
I try so hard to busy myself
But the passion that I felt for you*

*Doesn't seem to be lost
And as I sit here and cry to myself
Wiping away tears meant for you
Only my own arms can hold me
What I wouldn't do to talk to you*

*Who am I to say you need me
I'm just a lost soul from your past
Who am I to say you want me
When there are others who cross your path
Who am I to say you still reach for me
Because I know I've been replaced
Who am I to say you still love me
When I know from your memory I've been erased*

*Others try to constantly
Talk and comfort me
Telling me to just move on
Saying I was the victim of your game
Not knowing it was me
Who did wrong
The reflection in the mirror
Reminds me I'll be all alone
If I was just honest
Right now I'd be in your arms*

*Who am I to say you need me
I'm just a lost soul from your past
Who am I to say you want me
When there are others who cross your path
Who am I to say you reach for me
As I know I've been replaced
Who am I to say you love me
When from your memory I've been erased*

*Who am I
When from
Your memory
I've
Been
Erased*
