West Inter Lake District Regional Water Services Commission
Box 8
Alberta Beach, AB. T0E 0A0

Att: Lorne Olsvik, Chairman

Dear Lorne:

Re: Request to become a member of the WILD Water Commission

In reference to the above noted and our December 5th, 2018 letter (attached), please be advised this matter was again discussed by the Council of the Summer Village of South View at their regular meeting of November 16th, 2022.

Further be advised the Summer Village is still awaiting information from the Commission on the possibility of becoming a member. We recognize the Commission has had several very busy years with the ongoing construction, and we congratulate the Commission on its success in bringing a potable water line to the boundary of its municipal members. We look forward to hearing from the Commission on whether becoming a member would be possible and what the costs and obligations of same would be for our Summer Village.

Wishing you, the Board of Directors, staff and contractors of the WILD Water Commission a festival and safe holiday season and all the best in 2023!

Yours truly,

Sandra Benford

Att: Lorne Olsvik, Chair

Dear Lorne:

Re: Request to become a member of the WILD Water Commission

In reference to the above noted, our October 25th, 2018 meeting in Seba Beach and our South View Council meeting this morning, please accept this as our request of intent to become a member of the West Inter Lake District Regional Water Services Commission.

With the preliminary design of this waterline potentially coming close to our municipal boundary it makes sense for our municipality to consider joining the Commission.

We look forward to working with the Commission to determine if this can be achieved.

Yours truly,

ALBERTA
PUBLIC SAFETY AND EMERGENCY SERVICES

*Office of the Minister
MLA, Calgary-West*

AR 53295

Dear Community Leader:

Over the last number of weeks, many of our Alberta municipalities have been in contact with government, requesting further information and clarification on a number of items related to the provincial changes to victim services announced July 19, 2022, and scheduled for implementation by April 1, 2024.

I have heard from the many of you about your concerns with the redesign initiative. I am writing to provide clarification on a number of points.

I would like to reassure you the move to a regional governance model for police-based victim services units has always been intended to improve the consistency, stability, and continuity of services received by victims of crime across all regions of the province - municipal, rural and remote. It was also designed to ensure that all victims would continue to be supported locally, by dedicated workers and volunteers from within and around their own communities. While board governance is moving toward integration, all front-line services remain local. I appreciate this opportunity to provide further information about the ongoing redesign work that has occurred to date as it relates to your community and others like it.

Is victim services being removed from your community?

In short, no. The new governance model will empower more than 130 paid, front-line victim caseworkers (full and part-time equivalents), each of them living and working in the communities they serve now. Our new model never contemplated centralizing front-line victim caseworkers in a regional office. They will continue to be co-located with RCMP members in their local detachments, work alongside their volunteer advocates, and be supported not only by their regional boards but also by a new, full-time centralized professional support staff (CPSS); one CPSS for each region. These CPSS teams will consist of, at minimum: an executive director; human resources professional; regional operations manager; regional court support coordinator; cultural safety specialist; admin/office manager; qualified financial management professional; and a retained legal resource.

For smaller, rural and remote communities in Alberta, the new regional governance model for police-based victim services means all areas of the province will have uniform, flexible and sustainable victim services. The new layer of full-time, professional support staff for front-line victim caseworks will stabilize and improve programs above and beyond what is offered under the current governance structure. Front-line caseworkers will have more time to focus on working alongside volunteer advocates and with their local RCMP officers to support victims in the immediate aftermath of a crime, to provide court support within an integrated and coordinated court support program, and for engaging with local and community partners.

How will our communities be represented at the regional level?

As stated, front-line staff will work in the same detachment areas in which they live, as will their cadre of volunteer advocates. The new regional governance boards themselves will be virtual in nature, and will consist of members from communities all across the region. While every detachment area will not necessarily be represented at the board level, no more than one board member per detachment area will be selected.

Did the MLA-led review ever seek to engage municipalities, and did it engage local victim services units (VSUs)?

The MLA-led review of victims services took place over 2020/21 and included participants from the Rural Municipalities of Alberta and the Alberta Municipalities. Other individuals and organizations engaged during this period included MLAs from across the political spectrum, volunteers and staff at police-based VSUs, victim-serving community organizations, a variety of police service representatives, the RCMP, legal experts and Indigenous organizations. Alberta held about 40 engagement sessions, with around 150 stakeholders and organizations attending. The Victim Service Redesign is based on feedback received during these engagements and reflects the final report and recommendations of the MLA-led review. The Victims Services Redesign team continues to meet with affected and/or interested groups and municipalities to gather any outstanding questions, concerns and suggestions. These meetings have already been instrumental in informing improvements to the model.

Will there be a reduction in scope of services provided by the new victim services model, and will this new model serve Albertans who have been traumatized by non-criminal and tragic events?

As Minister of Public Safety and Emergency Services, I recognize that services other than those provided solely to victims of crime, such as for victims of non-criminal trauma, are incredibly important to Albertans. As such, Albertans will not experience a reduction in services currently available, now nor when the new zonal model is implemented. If legislative amendments to the Victims of Crime and Public Safety Act are required to assure this, then our government will pursue those.

Are program managers and other staff guaranteed jobs or do they have to re-apply for positions within the new zonal model?

The hiring of the victim caseworker positions will be the responsibility of each new executive director and respective support staff group. GOAVS will collaborate with the support staff groups, preferring a process that honours the skills and experience of the current cadre of police-based victim services workers. We will be recommending that current VSU employees be invited into a stream-lined on-boarding process prior to any positions being advertised publicly.

These changes to victim services in Alberta are an exciting step forward to ensure victims in our province have the help they need when they need it most. Over the next year, we will continue to work closely with municipalities and Indigenous communities to design and implement the new service delivery model. To ensure that you continue to have the most accurate and up to date information about the new victim services redesign, I encourage you to maintain direct contact with the Director of Victim Services Trent Forsberg at Trent.Forsberg@gov.ab.ca. He would be happy meet with you should you have any future questions, concerns, or suggestions. We look forward to continuing to engage Alberta municipalities on this important initiative.

Thank you for your ongoing commitment to ensuring the needs of victims in your community continue to be met.

Sincerely,

Honourable Mike Ellis, ECA

Dear Minister Copping:

I am writing to you on behalf of our Ponoka Volunteer Fire Department. Actually, I think I could be writing on behalf of most volunteer fire departments in rural Alberta. However, right now I am very concerned for the volunteer fire fighters of my community who bravely step forward and protect us all.

My main concern is with the current state that we find our ambulance service in. This is something that isn't new. It has been brewing for a number of years now and I believe we are about to hit critical mass, which means we are not too far away from doing far more damage to all of our emergency services, simply because we cannot collectively get a handle on how to manage this situation.

On November 21, 2022, we had an incident in the Town of Ponoka, where a pedestrian was hit on one of our roads by a motor vehicle. The first responders on the scene were our volunteer fire fighters. They had an ambulance dispatched from Bashaw which is about 30 minutes away. Ten minutes after the dispatch it was rerouted to Red Deer. By this time the next dispatched ambulance was to come from Leduc, 42 minutes away. In the meantime, the patient was seizing and his heartbeat had dropped to 28 beats per minute. At that time rather than continue to wait for an ambulance and lose the patient, our firefighters made the decision to pack him into the box of one of their pickups, and with a police escort got him to our local hospital. This is a summation of the report I read, and the complete absurdity of this situation I find astounding.

Two months prior, on September 21, 2022, we had a shooting in our downtown. Once again, our volunteer fire fighters were first on the scene because an ambulance had to be dispatched out of Red Deer, about 45 minutes away. In the meantime, our volunteer fire department bandaged and stabilized the victim, and some of the members learned how to deal with a person who had their ear shot off.

In the last year our volunteer fire department has been the first to arrive on the scene of a medical event 18 times. They do this for the love of their community, and are not being paid-----I would say for them money is not the issue. What is the issue is that after they have been faced with the trauma of a catastrophic medical event, they then have to go back to their real jobs the following day. So I put it to you, that while we are trying to somehow figure our way around this ambulance crisis, we are doing it on the backs of our rural volunteer fire fighters. I represent a rural municipality, and I am telling you what I see is that my friends, neighbours, and fellow citizens are being put at risk on a daily basis because we can't figure this ambulance thing out.

We are running out of time and something needs to be done not only for our cities, but for our rural communities too.

Yours sincerely,

Kevin Ferguson

To the Council members of the Summer Village of South View:

My name is Chaddie Langman and I am the new Library Manager at the Darwell Public Library. The Darwell Public Library Society and library staff would like to take a moment to offer our sincere gratitude for the contribution that the Summer Village of South View makes to our community library each year. The \$1000.00 the library received from you this year will go towards providing programs and services to our community that will help them to read, discover and connect at the library. During July and August, the library ran an amazing 7 week Summer Read Program that was well attended by many families in our community. Each week there were several crafts and activities organized and we had over 25 kids of various ages that logged their summer reading hours with several ambitious readers earning prizes. We run a monthly children's craft program where we have an afterschool snack then get right to work learning, creating and most of all having fun! The library has recently started a Friday afternoon program for students in grades 6 and 7 with hands-on STEAM activities. Organizing and facilitating these programs has given me an opportunity to really get to know the kids and families in this community and I am truly grateful that the funds the Summer Village of South View provide the library will allow us to continue to run and expand on these types of programs for this community.

With sincere thanks,

Chaddie Langman

Darwell Public Library Manager

Dennis Woosley shared the structure document that he and Rick Wagner created for presentation to their Council and encouraged other members to feel free to adapt it for sharing with their respective Councils. The document was designed for the purpose of deciding what the scope would or could be in regards to using Block Captains as a resource to serve the community. The main purpose for the design was for emergency management and opportunities exist beyond this use. Decisions will need to be made by each summer village to decide what best suits their community. This document and the "Block Volunteer Corner" document prepared by Janice and Marlene for their municipality formed the substance of the presentation/discussion. Marlene and Dennis encouraged Agency Members to share these documents with their Councils to confirm if there is support to proceed with this initiative. The recommendation is for the formation of a working sub-committee to keep the momentum going.

6. Training Update

Marlene provided an update on the status of training, and encouraged Agency members to work with their Councils and DEM/DDEMs to complete the online training for DEM; BEM and ICS 100, and share back the certificate of completion for tracking to meet legislative requirements.
