**To: ALL New Orleans HOG Chapter Members**

Members of our chapter #2023 reached out to members they know who are members of the Lake Charles HOG Chapter to offer help and assistance to them. Their Chapter Director J Scott G states that at this time there is nothing for us to do to help the Chapter Members of the Lake Charles Chapter. Later on we will be able to offer our help and assistance to them when the conditions there in the area are more stable and they can move back home.

So I am informing all members of our chapter #2023 that we are putting together a "help drive" for the Lake Charles HOG Chapter members and welcome any and all your suggestions.

Shortly I will be sending out an e-mail with all the details to our chapter on this. Please communicate your thoughts and suggestions so when the time is right we can help our fellow HOG Members.

Thanks

*Vinny*
