

NCR TAC Out of Hospital Committee Meeting
 May 31, 2023
 Teleconference

Members present: Dr. Michael Clark, Phil Skoug, Corey Smith, Ken Marg, Del Horn, Jason Keffeler, Mark Schroeder, Jason Joling, Chris Page, Scott Langa

Recorder: Michael Fraley

Call to order	Meeting was called to order by Dr. Clark. Chris Page introduced himself.
MCI Forms	Group reviewed MCI forms that had been updated by Michael and Dr. Clark. A few adjustments were recommended. Michael will finalize the forms and make them available for EMS agencies to download and use.
Individual Hemorrhage Control Kits	Michael mentioned that committee funds were used to purchase 50 individual hemorrhage control kits and asked if the group had any ideas for use of them. They are currently given out with StB classes. Group endorsed continuing this and will let Dr. Clark or Michael know if other opportunities come up.
Stop the Bleed Classes	Michael discussed how there will be numerous StB classes for schools at the end of August and we will be looking for help teaching and with training kits.
Tourniquets	Michael mentioned that more tourniquets were purchased with committee funds. The NCR TAC gets occasional requests for TQs. Michael asked if we should implement any guidelines for distribution. Group recommended we go case by case and have the committee review requests. Group approved a request for Antigo PD for 10 units.
NCR TAC Trauma Conference 2024	Michael asked the group for feedback about possibly hosting an EMS skills/scenarios day. Group expressed interest and discussed some options. (EMS for hospital staff; Sim manikins, MCI drill). Will continue to develop a plan.
Budget	Current year funds have been used up. We would welcome project ideas.
Next meeting	Would like to look at scene time data.
