

EKTSA meeting

Notes

1/19/17

NOTE **All competitions listed below are early entry.** Make sure to see the notes pertaining to “early entry” procedures in order to properly submit projects for early entry.

Early Entry Deadline for competitions listed below is 5 PM Feb. 27th.

The EKTSA group met last night and assigned topics to various MSU TSA Regional competitions as follows:

Prepared Presentation - High School

Pg 262: Topic - Domestic Manufacturing Vs. Global Manufacturing

For MSU Regional only - presentation will be in written form and early submission is required. At state this presentation is 3-5 minutes in length so the length of the written paper submitted for the MSU Regional should reflect that time limit.

Prepared Speech – Middle School

Pg. 264 - Designing your Future

For MSU Regional only - presentation will be in written form and early submission is required. At state this presentation is 3-5 minutes in length so the length of the written paper submitted for the MSU Regional should reflect that time limit.

Digital Video Production

pg 149: 2017 Theme: Digital Citizenship

3 minute max.

Animated Video is allowed

Notebook NOT required at the regional event

Public Service announcement 30 seconds max

On Demand Video

Pg. 239 Theme: Choosing a career path

Dialogue: "But that's not what you said last time."

Props: 1. Umbrella 2. Pink pen

Essays on Technology

Middle School

An unmanned aerial vehicle (UAV) is an aircraft that carries no human pilot or passengers. With the increased popularity and use of UAV's — sometimes called "drones" — the Federal Aviation Administration now requires that they be registered. Students must research all of the following subtopics (Below) and be prepared to write an essay on one subtopic that will be designated on site at the conference.

- The emerging technology of UAV's, including how they work and what role they might play in the future.
- The uses of UAV's, including personal, business, and government
- The registration of UAV's, including the need, penalties, and controversies

Essays on Technology

pg 180 **High School**

How has the use of technology effected one of the following:

Choose one - Education or Consumerism?

3 page limit.....

Early Entry Submission Procedure:

Students will upload their file to Google drive and send the shared link to the following by 5 PM on or before February 27th:

s.mason@moreheadstate.edu

j.stepp@moreheadstate.edu

Any file format for video is acceptable.

The written papers for both Prepared Presentation and Essays on Technology may be in word or PDF...

***It is recommended that students do a "test" on sharing a file to google drive and send the link to the above emails. Sam or Jason will send a confirmation email response.**
