

## *Disaster & Humanitarian Services*

**Ms. Cheryl Beausoleil, RN** is an experienced health care administrator, clinician and consultant with 30 years of administrative management in quality assurance, regulatory compliance, risk management, staff development, clinical and medical compliance over state and federal medical and social service programs.

She developed quality assurance programs to ensure program compliance, and managed budgets to ensure efficiencies and effectiveness for delivery of client services. She coordinated daily operations to maintain a high quality of services. Ms. Beausoleil supervised and provided education and training to direct care management teams and measured and evaluated for client satisfaction of services and resolved client and other stakeholder concerns.

She has managed a staff of over 70 providers and has 30 years of strong relationships in the healthcare and mental health provider community. She concentrates on the provision of services for vulnerable populations including children and seniors and is an innovative manager.

Ms. Beausoleil has managed the Medicare and Medicaid documentation and billing processes for several large healthcare providers and provides training and development billing and coding compliance for clinical professionals for over 20 years. She has managed compliance and medical records review processes to ensure documentation, billing and coding standards are met and that process improvement procedures are implemented following regulatory and policy changes.

She has a BSN Degree from Wellesley College, Wellesley Massachusetts, and a Professional RNC License with Texas License #592447. She was appointed to the St. Joseph Hospital Senior Clinics Advisory Committee and has been recognized as the Best Nursing Management and Most Profitable Facility for her management skills.
