

The meeting was called to order by Andy Anderson at 5:20 pm. Present were Gary Anderson, Jerome Hagenmiller, Steven Russell, Tom Blank.

Discussion about digging out the ditch on Vermont Access Road on the north side and west of the intersection of West Milona Road and continue working on ditch on the west side of West Milona Road to make the water flow better and not stand. This may include replacing culvert under the Vermont Access Road as well. Moved to Center Road and looked at burning off the cattails and brush and dig this out as well. On Willow Road some material needs to be brought in and filled to soften the incline of the road side ditch and stop water from standing in ditch, this may include repairs to culvert, but land owner willing to participate in project too.

A motion by Jerome and seconded by Steve to adjourn, motion carried 3-0 6:25 pm

Andy Anderson
Jerome Hagenmiller
Steve Russell
