# Welcome to the 2016 Vollmer Angus Ranch Bull Sale!

On behalf of the entire crew (our family) we welcome you and say a big "thank you" to everyone who has supported us over the years! This marks the 39th edition of this event, a fact that we are all very proud of here.

We have been raising and merchandising registered Angus seedstock for many years now and with that comes a great deal of past experiences to reflect upon. With experience comes a great deal of knowledge, both good and bad. We continually use our past experience to try and create a better product for tomorrow. There is no shortage of experts wanting to expound upon us their way of thinking. Buzz words such as sustainability and efficiency are read daily, but there is no better definition, to me, than to be able to say "yea I've been doing this my whole life". Mom and Dad can say that with great pride! Now that is sustainability.

When you start to analyze the offering, I think it is readily apparent that a lifetime of work has gone into it. Lots of past experiences have been reflected upon to create what is easily the most powerful set of bulls we have compiled. The economic benefits of the traits not measured by EPD's are profound, such as structure, longevity, disposition, ability to convert on all different types and qualities of forage. These are traits that take generations of production to truly measure. This set of bulls has generations of selection pressure and sustainability bred into them.

A great deal of time and research goes into every sire that is utilized in our program. We are looking for bulls that can produce progeny that can excel in our region, not just what might be popular. Bulls that produce pounds, have outstanding carcass merit, excellent foot and leg structure, maternal, fertility, longevity, and calving ease. We truly do strive to find herd bulls that can do all these things in our environment. We are extremely excited about the quality of these bulls and what we think they can contribute to a breeding program. When you evaluate this offering I hope you find bulls that meet your criteria.

Thanks for all the great support and friendship we have received from everyone over the years. It truly has been a remarkable experience, and one that we hope can continue for many more years!

Feel free to contact any of us at anytime.

Thanks Again and we hope to see you sale day!

Troy

Dakota Cash was the top selling bull of our 2014 production sale, selling to Hoffmann Angus of Wheatland, ND. He has done an impeccable job as a breeding bull for both of our programs. Dakota Cash has quietly established himself as one of the top breeding bulls of Barstow Cash. He has developed an EPD profile that is hard to match. Few negative birth weight bulls can match his combination of growth and carcass, and his maternal will also be outstanding. His dam is one of our very best Rocky daughters. Dakota Cash has developed into a very impressive herd bull and I would expect his son's to do the same. Some of our top replacement females are also sired by Dakota Cash. Both programs are going to be utilizing this great breeding bull heavily in the future.

There are progeny selling from 5 different herd sires!
