

THE HAGUE CHRONICLE

VOLUME 18 No. 2

HAGUE, NY 12836

FEBRUARY 1989

HAGUE WINTER CARNIVAL FEBRUARY 16-19

Beginning with the Carnival Princess pageant to be held on Thursday evening at 7PM at the Fish and Game Club until the awards ceremony on Sunday at the same location at 5:30PM, the weekend promises to be one loaded with fun and excitement for all.

On Friday there will be torch lighting ceremony at the town park at 4PM and at 7PM Penelope, the clown will put in an appearance for all the young and young at heart at the Fish and Game Club. This will be followed at 8PM by a dance for the youth, with Disco Doc providing the music.

A full day is planned for Saturday, beginning with the Firemen's breakfast to be held at the firehall at 7AM, serving to 11AM. A fishing contest on Lake George and snow sculpturing at the town park will be all day events, interspersed with children's games at 10AM, and a 10K footrace at 11:30, also at the park.

The polar bears will take their annual plunges into the lake at the Trout House Village dock at 12:30PM and Laura Meade will gather all those who would like to take a snowshoe trek there at 1:00PM.

Meanwhile, back at North Pond there will be snowmobile races at 11AM, volleyball tournament on the ice at 1PM, chainsaw and crosscut competition at 1:30, snowtube races at 2PM and adult tug-of-war at 3PM.

Time to go home and put on your best bib and tucker for the dinner-dance at the Fish and Game Club beginning with a cocktail hour at 6:30PM, dinner at 7:30PM.

If you are too tired to prepare breakfast on Sunday morning, never fear - the firemen and ladies will be at the firehall again at 7AM to serve you.

With the exception of the cross-country ski races to be held at Rogers Rock Campsite at 11AM, all other events will be held at North Pond on Sunday.

Beginning with Coors Extra Gold N.Y.S. ATV Ice Race Championships at 11AM, on to the Jr. Ice Auger & Chisel Competition at 12 Noon, Powder Puff Ice Auger Competition at 2PM, Sr. Ice Chisel Competition at 2:30

and the final event of the day - THE NATIONAL ICE AUGER CHAMPIONSHIPS, at 3:30PM.

The Awards Ceremony will be held at the Fish and Game Club at 5:30PM.

The second semester college freshmen who have qualified for the Mary C. Beste Scholarship Fund awards may receive them at the dinner dance on Saturday night. If they are unable to attend this event, the award will be mailed to them.

So - get out your woolen caps and your long undies and join in the fun at THE HAGUE WINTER CARNIVAL...djh

FIRE STRIKES ARCADY HOME

At 7:45PM on Monday, February 13, an alarm was sounded to respond to a fire at the home of Alex and Joan Sarjeant in Arcady Bay Estates. Within five minutes the new pumper, which was just delivered about three weeks ago, was on the scene, along with a full complement of firemen, fire police and ambulance personnel. The fire had apparently been smoldering for about three hours in the attic, when it burst into flame. The roof was fully involved when the firemen arrived and the fire was contained almost immediately. However it was about four to five hours later when the firemen could leave.

It is believed that the fire was the result of a wood stove in a bedroom area. However at this writing the determination had not been made. A number of people were in the house but they escaped without injury. There were a few cases of smoke inhalation and some minor injuries, but the firemen performed extremely well. It was pointed out that there was a hydrant in front of the house, which made water accessible immediately. The new pumper outperformed even its greatest expectations.

The supportive members of the fire department were on the scene with coffee and donuts.

It is ironic to note that the Sarjeants donated the kit car which is being raffled off this weekend for the benefit of that very pumper that saved their house from total disaster....djh

WILLY C'S JAN/FEB WEATHER NOTES

A tip of the hat to our publisher, Dottie Henry, for the front page spot, last issue and thanks to you readers for your kind remarks. Without Miss Dottie's untiring efforts, it would take about five and one half more people to get this great little paper out. Makes you wonder about that half person, doesn't it?

January ended up to be the driest Jan. on record. We had but .53 of an inch of precipitation. Notice I'm reporting liquid content. Usually the rain gauge is frozen in Jan. It also, obviously, ended up to be much warmer than normal, about 43% warmer in average temperature days and 18% warmer in heating degree days for the month. We began warming up after that coldest day reported on the 4th, last issue. We almost tied it on the 21st when it hit -17° Mt. top and -1° lakeside, but that was the extent of the cold arctic air for Jan. Our highest wind gust for the month was 44-1/2 MPH Jan. 3d. Scattered throughout the month we had many days in the low to mid 40's, our high being 48 on Jan. 29th. Jan. went out with nighttime temperatures not even getting below the freezing mark. On Jan. 29th at 2PM, the air temperature was 48, the water temperature 35. The lake remained liquid, the ice fishermen frustrated. On the bright side we gained 53 min. of daylight for the month and that pace will be accelerating in Feb.

Feb. came in with a high temperature of 53 and a low of 37 on the 1st. Two ice fishermen were so frustrated by Mother Nature's total disregard for their plight, that they unlimbered their not-too-large outboard, launched it and spent the day out and about Hague and Cook's Bay. This is not a satisfactory arrangement if you are an ice fisherman. By Feb. 2nd winter reappeared with a pipping north-northeast breeze at 39-1/2 MPH and temperatures in the teens. By the 3d we had cold air trapped below some warm moist air above, producing a modicum of freezing rain, no heavy amounts, but enough to render our wind speed and directional instruments useless. On the night of the 3d a cold front blew through, the temperature dropped to a low of -8 Mt. top, +5 lakeside, the wind fell off and by the morning of the 4th the northern end of Lake George was finally solid. One could almost feel the jubilation resounding deep in the hearts of all true ice fishermen, who would no longer have to travel far and wide to indulge in their favorite pasttime. Temperatures on the 4th, 5th, 6th and 7th were near normal, the ice held and by the 7th the first tentative ice fisherman was on the lake, not too far out, but on

the lake. By the 10th they were out in force, way out, and today, Saturday, a beautiful Feb. winter day, they are everywhere, enjoying the first weekend of ice fishing in the Hague/Cooks Bay region. Thus endeth the 1989 freezing of the north basin.

Lack of snow is causing real concern for the summer ahead. Oh yes, we have had days with two to three ince snowfalls and the ground is white, but the snowpack in the woods is woefully shallow and ground water tables, particularly on the Vermont side of the Champlain Valley are dangerously low. Today, Feb. 11, the temperature is at the 37° mark. We are expecting some moderation in temperatures over the next three to four days. No major storms are on the horizon. Until the jet stream alters its present track we will continue to have small storms sweep across the area leaving flurries and no significant accumulation. Should be just great for the HAGUE WINTER CARNIVAL.

KEN YAW ATTENDS SPORTSMAN EDUCATION WORKSHOP

Hague's Town Justice Kenneth Yaw was one of 17 Warren County sportsmen education instructors who attended a workshop at the Saratoga County Extension Education Center in Ballston Spa on January 28. Hunter, Bow Hunter, and Trapper Training instructors are certified by the NYS D.E.C. Each teach at least one course a year and attend required refresher classes. The Sportsman Education Workshop brings instructors together and focuses on common concerns. The 1989 program featured "Protect What's Right" from the Wildlife Legislative Fund of America.

LAKE GEORGE PARK COMMISSION

The Lake George Park Commission will conduct a regular meeting Wednesday, Feb. 22 at 4PM at the Lake George Town Center, Old Post Road, Lake George, NY. The Lake George Park Commission's Project Review Committee met on Feb. 15 at the Hague Town Hall.

These meetings are open to the public and all interested parties are invited to attend.

So many live alone and there is much that can be done for them. Run errands for them; take them to visit a friend; always take something with you, a piece of cake, fruit or flowers if you have some in bloom; telephone them all along; always remember them on birthdays and holidays...Mary B. Long, Conway

TOWN BOARD - 2/1/89

A special Town Board meeting was held on Feb. 1, 1989 at 10AM in which decisions were made on the following items:

The resignations of the Zoning Administrator, Tim Costello, Assessor Don Olcott and Board of Assessment Review's Florence Smith, were accepted. To replace Costello, John Breitenbach, Jr. has been hired until Jan 1, 1990 and will work approximately 20 hours a week (Tues., Thurs., Fri., 8-5). If these hours are changed at any time, there will be proper notification. Olcott will not be replaced but Nancy Trombley has been hired as clerical help to work, as needed, with Clifton Frasier, Chief Assessor.

Tom Stull has been awarded the plumbing contract for upgrading bathrooms at the town park, with a bid of approximately \$1,979.80 for materials and \$1,095 for labor.

A letter was received from Dr. Collins, Ticonderoga School Superintendent informing the board that he will attend the next town board meeting on February 14.

Clough, Harbour and Assoc. has awarded a sub-contract and is ready to put in monitoring wells at our landfill. Drilling contract is set...gl

ZONING BOARD OF APPEALS - 2/9/89

The Jan. 26th ZBA meeting was postponed until Feb. 2, due to poor weather. It was to meet at 7PM, just preceding the meeting of the Planning Board.

On February 2 both meetings were postponed, again inclement weather, to take place on February 9.

The long delayed ZBA meeting finally took place on Feb. 9 at 7PM.

A short agenda was further reduced by the postponement of Roy Laundree's request for clarification of a sub-division problem since he was unavailable to provide pertinent information.

A public hearing was set for Feb. 23 at 7PM on the building of a log home on the Barry Jordan site, where his trailer stood, before burning.

The 2-week period before the 23rd meeting will give the board an opportunity to review a request by Sherri and Chris Ginn for a definition on gifts, devices, inheritances as related to their desire to build a second residence on property that is already non-conforming...gl

HAGUE PLANNING BOARD - 2/9/89

The February meeting was held on the 9th due to weather conditions on the regularly scheduled meeting night of Feb. 2. All members present except for Bruce Robinson.

1. Chairman Laundree announced the resignation of Tim Costello as Hague's Planning Administrator as of 2/10/89. Mr. Costello will continue to be a member of the Hague Planning Board. John C. Breitenbach, Jr. of Ticonderoga, our new Planning Administrator, was introduced to the Board.

2. The application of Chris and Sherri Ginn to subdivide and construct a second residence on a 1.95 acre parcel located in a zoning district requiring 2.9 acres as a minimum lot size was not approved. Mr. & Mrs. Ginn wished to use Article 8, Section 8.020, Gifts, Devices and Inheritances to create the two non-conforming lots, but since they did not own the land prior to April 1973, Section 8.020 was not applicable.

3. E. Gilbert Barker, Real Estate Broker, came before the board to discuss the possibility of re-subdividing 4 lots he presently owns into 12 lots. Since this would be a Class A Major Subdivision, the Board could not consider it until the present Hague moratorium is lifted.

4. Chairman Laundree announced that Jim Braisted's application to convert an existing building on his Silver Bay property to a liquor store had been withdrawn and replaced by an application to convert the building into a rental unit. Mr. Braisted was advised that a variance would be needed since the lot in question is already non-conforming as to minimum lot size and therefore this Board could not approve a second residence.

5. Jim Ward's letters to the Board concerning the conversion of his model log home and marine supply store into a residence were distributed. It was decided by the Board that the site-plan review committee should visit the property prior to the next meeting before any decisions are made.

6. The site review committee, following a second visit to the Krueger property, made the suggestion that "clustering" of two building sites on one parcel appeared to be the most desirable because of the topography and location of the brook. The total land area under consideration meets the minimum lot size for two building sites. No action was taken until the Kruegers have the opportunity to reply. (Cont. on p.4)

7. Mr. Robert Patchett's subdivision under Section 8.020 (see #2 above, Gifts & Devises, etc.) does not meet the minimum building set-back requirements from lot lines, including the new line of the subdivision. The deed to the new lot has already been recorded. Town Attorney John Silvestri is to be contacted concerning the Board's procedure in having the new lot line moved so that the set-back requirement for that line would conform to the ordinance and the deed amended to show the change.

8. Clifton Frasier's proposed subdivision on property off Hollow Road was approved with stipulations concerning the total number of additional lots that he could create on his property in the future.

9. The A.P.A. has notified Martin Fitzgerald that his proposed subdivision in the Sabbath Day Point area is located in a Critical Environmental Area. For this reason, this Board could not approve his 2-lot subdivision.

10. A property line change has been proposed between two residences owned by the Arthur Klein family. A site review was scheduled prior to the next meeting as was one scheduled for property owned by Tom Fritz on Rt. 8 to permanently place a construction trailer on his property as a storage building.

Jim Ward proposes to build 3 more boat storage sheds on his property located on Rt. 8. Site plan will be scheduled before any further discussion is made. Chr. Laundree requested that copies be made of this and any future applications or correspondence from Mr. Ward and given to Board members. The lot is 7.9 A. and supports an antique shop, ice cream parlor and 10,000 sq.ft. of boat storage. He wishes to create an additional 10,000 sq.ft. of boat storage.

TOWN BOARD - 2/14/89

The Feb. 14 meeting of the Town Board gave Dick Bolton, Supervisor the opportunity to bring us up to date on what is happening with the school tax problem. He read again Neil Kelleher's letter stating his approval of possible approaches for a solution. At a request from the supervisor, D. Soliday, summer resident from Connecticut had sent information concerning a section of that state's education law that might be applicable to the Hague-Ti situation. This information has been passed on to Kelleher and Stafford for help in drafting a possible bill.

Alan Baron has also been asked for similar information from the state of Massachusetts.

Lastly, Bolton has been in contact with Roemer, Featherston Hugh, a law firm in Albany that specializes in legal advice on school law and is familiar with Art. 78 if that becomes the way we must go.

A recommendation by the W.C. Dept. of Public Works for the Shattuck/Robbins Rd. intersection with Dodd Hill Rd. would change that intersection to a T-intersection and Dan Belden is to supervise the change. Under the CHIPS program Hague will receive 100% reimbursement under safety.

One of the guests was Dr. Collins, Superintendent of Ticonderoga District Schools. This was the first time we have had a visit from a superintendent and would like to welcome Dr. Collins to our community. We appreciate his interest.

In unfinished business: Bob Patchett will replace Charles Doherty on the Board of Assessment Review and will serve until December 1989. There is still one more opening to fill on that board. Anyone interested may contact the town hall.

At an earlier meeting Dick Feibusch had brought up the subject of junk cars that seem to be accumulating again, in and out of the woods. Decision was made to have Dan Belden contact George Moore of Keeseville, whose company removed the junk cars last year to see if they are still interested in the scrap. D. Henry suggested a once a year clean-up.

In new business: A request for an early July date has been made by the L.G. Wind Surfing Championships. July use of the beach is poor timing but the board will make a decision soon.

At an Albany meeting with Harris, D'Andrea, Kelleher and Stafford, Bolton asked for an additional \$5,000 to complete the Hague Sanitary Survey. No commitment but prospects look good.

On March 14 an audit meeting is scheduled for 6PM. A regular town board meeting follows at 6:30PM.

Regular committee reports: Jim Braisted told us that the restroom renovations at the town park will begin after the Carnival weekend.

Plumbing and heating and electricity specs. are ready for the planned Community Centre.

Approval was given for Dan Belden and a highway employee to attend a landfill school course in Johnstown on March 8.

The new CARE committee chairman, G. Lindquist, explained the aims of this committee. It will serve people in need of help filling out forms for various agencies, provide a food pantry for emergencies, help in contacting the correct agencies, etc. Contact can be made through any of our three churches or directly to town or committee. Naturally, everything is strictly confidential....g]

HAGUE CHAMBER PASSES RESOLUTION

RESOLUTION FORMALLY REQUESTING MONIES
CONCERNING THE ENTIRE BASIN OF LAKE GEORGE

WHEREAS, Congressman Gerald B. Solomon and New York Senators, Alphonse D'Amato and Daniel P. Moynihan, are attempting to convince New York State to make \$40 million available, on a cost sharing basis between the Federal Government and the State of New York pursuant to the Federal Clean Water Act, for projects concerning the entire southern basin of Lake George, and

WHEREAS, both New York State Senators, Alphonse D'Amato and Daniel P. Moynihan, have indicated support for this effort, NOW THEREFORE BE IT

RESOLVED, that the Hague-on-Lake George Chamber of Commerce hereby indicates its support for the actions of Congressman Solomon, Senator Alphonse D'Amato and Senator Daniel P. Moynihan and by this resolution formally requests that the State of New York and the United States Government grant the monies that Congressman Solomon is requesting for projects concerning the entire southern basin of Lake George.

DULY ADOPTED; February 1, 1989

/s/ Robert N. Patchett, Presiden

RECYCLING

Every ton of newspaper recycled saves 17 trees. It is estimated that only 25% of the world's paper is now recycled. Producing paper from virgin pulp material uses twice as much energy as recycling. Landfill space is saved by recycling. Recycling is the smart solution to waste material disposal.

Excerpt from *Meadows Newspaper*, Sarasota, FL. Thanks to Dolly Kennedy for sending it to us.

Ed: Hague now has a newspaper recycling program in effect at the Sanitary Landfill. They ask that newspapers be bagged in brown paper bags and left in the designated place.

LETTERS TO THE EDITOR

Recently my wife and I purchased a modular home and put it on property that we own on the West Hague Road. Evidently some people can't accept this. I'm sorry to disappoint these people, but Warren County and HUD do not give houses away. In order to own a house, most people have to buy them, which is what we did.

/s/ Lonnie and Christine Swinton

On Wednesday, February 22, Reginald Poulin will be in the Hague Post Office to swear in Jackie Fort as Hague's postmaster. The public is invited to this ceremony.

PROPOSAL FOR SCHOOL TAX APPORTIONMENT

The following is a draft of proposal which has been sent to Assemblyman Neil Kelleher for his perusal, after which he will introduce it to the legislature:

"Where there are two or more towns in two or more counties that make up a school district, the school tax will be assessed to the towns as follows:

" The total school budget will be divided by the total number of students. This will determine the cost per pupil. The cost per pupil will be multiplied by the number of students in that municipality and this total will be levied against that town for collection.

"If there are additional charges that pertain to one municipality only, this charge will also be included

HAVE YOU CHANGED YOUR ADDRESS? OR MAYBE JUST YOUR ZIP CODE? We get some copies of our paper back and have no idea where to send them. Please keep us informed. We realize the zip codes have been changed in Florida, but until you give us yours, we are still using the old ones. Also - have you checked your mailing label lately? It gives the date of your last contribution.

*Who has seen the wind?
Neither you nor I.
But when the trees
Bow down their heads,
The wind is passing by.
...Proverb*

LAKE GEORGE BASIN MORATORIUM

In the first week of 1989, the Lake George Park Commission held the last of three public hearings before establishing a basin-wide moratorium on commercial developments in the Lake George Park. The halt on development is expected to last for one year. During that time, new waste water and storm water regulations will be created and comments at the public hearings may effect the way the new law is written. Variance regulations, for instance, obviously must include an efficient assessment of storm water and waste water guidelines. Currently, the moratorium covers all new commercial and also some single family dwelling construction. Some commissioners are concerned about this coverage.

HAGUE VOLUNTEER FIRE DEPARTMENT

It was announced at the last meeting that a generator will be installed by helicopter on Black Mountain in April. This will improve the communication system immeasurably.

Dan Belden was awarded a 25-yr. pin by President John Breitenbach.

It was decided to have the fire department members and trucks enter the Ti Centennial parade on May 20. All members are asked to participate.

There were 4 fire calls in Jan, 75 man hours. For the year 1988, there were 26 fire calls consisting of 389 man hours.

Chief Paul Davis appointed George Hanna as captain of fire police, Diane Frasier as lieutenant, and Gerry Boyd as safety officer. Fire members should contact Paul if interested in fire police course.

There were 4 ambulance calls involving 46 miles and 16- 1/2 man hours during the month of Jan.

Sunday, Feb. 19 is the last day for getting your raffle tickets on the kit car. All proceeds go toward paying for the new pumper.

ICE SKATING AT SILVER BAY

The ice skating rink at Silver Bay Assoc. is open to anyone in the Hague area on Mondays and Wednesdays from 4:30-10:30PM. Other times are available when a group is not using it. Call first for any times other than Mondays and Wednesdays.

ATTENTION SENIOR CITIZENS: Contrary to what you read in the calendar on page 8, the bus to Glens Falls will be going on the 1st and 3rd Wednesdays of each month. For March it will be Mar. 1 and 15 and a special make-up trip on March 29.

ICE IN - ICE OUT

For those of you who like statistics - here they are:

Year	Lake Froze	Ice Out	Year	Lake Froze	Ice Out

			1989	2/4	

The latest the lake ever froze over while Stickney lived in the area was on Feb. 9, 1932. The earliest the ice went out was March 28, 1945 and again in 1946. The latest the ice left the lake was May 2, 1940. The column on left was compiled from the diary of John R. Stickney, retired superintendent of schools, who came to Bolton Landing in Sept. 1906. The column on the right is from the records of Dick Bolton.

SOUNDINGS

BORN - A girl, Kathleen Ann, to Martha (Minutillo) and Brian F. McDonald of Cape Cod Village Club and Rockville Center, NY, on November 28. Happy grandparents are Anna and Tom Minutillo and Mary C. McDonald.

BORN - A girl, Akashia Lana, to Renee LaRock and Lonnie Swinton, Jr. on January 13. Grandparents are Mr. & Mrs. Lonnie Swinton, Sr., Hague and Mr. & Mrs. William Butler, Ticonderoga, formerly of Hague.

DIED - Earle Hurlbut, Bass Bay Rd., Silver Bay, and Van Nuys, CA, on January 9. He was a long term resident of Silver Bay. He is survived by his wife, Barbara (Beattie), two daughters, one son and one grandson.

DIED - Janet Brodie Flint, 81, Sabbath Day Point and Virginia, on January 15. Surviving are a daughter, Eleanor Parslow, 2 grandchildren and 4 great-grandchildren. She was the sister of Margaret Broderick, Eleanor McKirdy and Agnes Von Wettberg.

DIED - Claire H. Piantadosi, 97, Graphite Road, on January 27 in Moses Ludington Hospital. Surviving are her daughter, Mrs. S. Richard (Elaine) Frasier, one grandson and four great-grandchildren.

DIED - Mabel B. Davis, 95, formerly of Dodd Hill Rd, Hague, at Westmount in Queensbury. She is survived by one son, Howard and a brother, Harvey Yaw, both of Hague.

DIED - Jennie B. Shattuck, 83, formerly of Split Rock Rd., Hague and Silver Bay, on Feb. 8 in Moses Ludington Nursing Home. Surviving is her son, Wayne, Ithaca, NY.

*Truth I've learned with passing years
significant, sublime,
That all life's problems right themselves
if only given time.*

LIZ MONROE, daughter of Joyce Monroe, Hague, has been named to the dean's list at Adirondack Community College, Glens Falls for the 1988 fall semester. She received a 3.32 average as a major in criminal justice, with a specialization in counseling for juveniles.

AMBER J. STULL, daughter of Mr. & Mrs. Thomas E. Stull, Hague, a freshman in the dental liberal studies program has been named to the dean's list at Champlain College in Burlington, VT.

TARA COLE, daughter of the late Jody Cole Braisted and Donald Cole, has been named to the dean's list at SUNY-Plattsburgh.

THIRD MARKING PERIOD HONOR ROLL

The following students from Hague are listed on the honor roll for the third marking period at Ticonderoga High School:

First Honors: TONY DeFRANCO, JASON PLASS,
Second Honors: PETER BELDEN, RICHARD COBB,
DANIEL DORSETT, CAROLYN DYKSTRA, AMY ROSS.

The staff of *The Hague Chronicle* congratulates each of the above students on their achievements.

HAGUE SENIOR CITIZENS CLUB

The February meeting of the Hague Senior Citizens Club will be held on Tuesday, February 28th at 12:30PM at the Town Hall in Hague. At this time there will be a SWAP-A-SANDWICH lunch. Each member will bring a sandwich which will be traded at lunch time. Dessert and coffee will be provided.

A business meeting will follow luncheon. Members are asked to bring in any material they might have (newspaper and magazine clippings, letters-to-the-editor, editorials) on the new MEDICAIRE laws.

*The two biggest financial challenges we face today
are teaching our kids the value of a dollar, and
teaching Congress the value of a billion.*

CALENDAR OF EVENTS - FEBRUARY AND MARCH 1989

February

- 16-19 HAGUE WINTER CARNIVAL - see p1
- 20 Washington's Birthday observed. Town offices closed
- 22 Washington's Birthday (Traditional)
- 23 Zoning Board of Appeals - 7:30PM. Public hearing 7PM (See p3)
- 28 Senior Citizens Club meeting - 12:30-Town Hall (see p7)

March

- 1 Chamber of Commerce - 7:30PM-Town Hall
- 1 American Legion meeting - 7:30-Legion Home
- 2 Senior Citizens bus to Glens Falls - 8:30AM
- 2 Planning Board - 7:30PM

- 16 Senior Citizens Bus to Glens Falls-8:30AM

A representative of the Veterans' Administration will be in Town Hall each Thursday at 11:30AM. Call first

No gilded dome swells from the lowly roof to catch the morning or evening beam; but the love and gratitude of united America settle upon it in one eternal sunshine. From beneath that humble roof went forth the intrepid and unselfish warrior, the magistrate who knew no glory but his country's good; to that he turned, happiest when his work was done. There he lived in noble simplicity, there he died in glory and peace. While it stands, the latest generations of the grateful children of America will make this pilgrimage to it as to a shrine; and when it shall fall, if fall it must, the memory and the name of Washington shall shed an eternal glory on the spot.... *Oration on the Character of Washington*
