We understand that little ones sometimes need their parents, but we would like to stick to this as closely as possible! Thanks for understanding!

 - Please find your seat and enjoy the show!!
2. After students perform their first dance, they will return to the dressing room to change into their next costume(s). Staff & assistants will be available to help if needed (boys will have their own dressing room).
3. After performing, students will return to the dressing room where staff & assistants will help them gather their belongings.
4. Students will be brought to the front of the auditorium with their bag. They will sit on the floor and watch the remainder of the show with their class.
 - The teachers are performing the finale dance, so this will give all students the opportunity to watch their teachers dance.
 - Immediately following the finale, ONE adult ONLY will report to the front of the auditorium where they will check out their child. **We ask that all families wait until the end of the show to retrieve students.**

If we need anything from a parent/guardian, we will make an announcement. ALL Teachers will be checking on their classes regularly. ALL STUDENTS WILL BE SAFE AND WELL SUPERVISED BACKSTAGE by Teachers, Staff & Assistants.

****We realize that some students have several costumes and may have too much stuff to bring into the auditorium. In that case we will pack everything and leave in the back hallway, ready for a quick pick up after the conclusion of the show.**
