Sir Michael Davies Lecture and Celebratory Dinner

5th June 2013, 6.30pm, The Savile Club, Mayfair, London

Experts: The myth of impartiality

Introduction: The Right Honourable Lord Justice Leveson

Keynote Address: Dr Itiel Dror (University College London)

“Expert evidence is increasingly important as the reach of science and expertise becomes ever greater. We rely on experts for that expertise but are there dangers of which we ought to be aware? Dr Dror gives a fascinating and important account of how expert opinions may be affected by extraneous information or unconscious bias. It should not be missed by anyone with an interest in the area.”
