CD06	Epson	EB-475W	1856	Image spotty - recommend new projector:	EB-675W \$1250+gst + install cost. EB - 18/11/2017
CD07	Epson	EB-675Wi	804	Tested all AV working	EB - 18/11/2017
CD08	Epson	EB-585Wi	1207	Tested, adjusted focus; now - all AV working	EB - 18/11/2017

Cost saving projection/forecast from extended service life of well maintained (cleaned and serviced) projectors:
[details for the consideration of BSM / School and IT Managers]

From consultations with schools that have a program to ensure projector filter cleaning every 6-12-months, reports are; 'a projector with no servicing may fail soon after it's warranty term (3-years)' - the projectors that have had regular filter clearing typically last for (up-to) 5-6-years!!!

This means if a 'new projector and install' has a per room cots of \$2,200, and you have 30x rooms - for each annual service ~\$30 per room, you may yield a cost saving of \$2,200 *.33 = \$726
or a 'net' saving of over \$690 per room, per year! - or a per year saving for 30x rooms of
30x \$690 = \$20,700 Saving!!!
