

11. The Ping-Pong table is now here. (Thank you Russ Boyer and Michael). When the Game Room (GR) has new carpeting, it will be installed. No time was given....hopefully before Christmas.
12. Name plaques on doors: Some Residents who have been here for over a month, still have no name plaques. (over 20 doors were counted). Marketing?

### New Business

1. Residents' requested on Dec.3 to move the buses currently parked in the parking lot opposite Cottages 5 and 6. It is dangerous for drivers maneuvering the curve and Cottage 6 cannot get out of their driveway safely.
2. Residents wondered why the PODS are still here, as it seems they are not used anymore.
3. The large trees over the West wing pathway are dropping large branches onto the path. (Brian?) A serious safety issue.
4. Residents' request to replace broken jalousies in the Dining Room. For over a year Management said they were on order.
5. Window blinds are needed in the Makai lounge. One side has none; the other side by the TV has had broken ones there for over two years. It is difficult to view the TV and to play games in that room because of the glare.
6. Residents said the food is cold, even though it is brought out under a cover. It was also mentioned that Chef Kevin is now serving the soup nice and hot (thank you).

Employee Appreciation Fund: The goal of \$60,000 was met, thanks to the generosity of our thoughtful residents. A big mahalo to the committee: Reinhard, Chiyoko, Ruth T., Bobbie, Carol Coops (Mauka). The employees will receive their checks at Saturday's Employees Party.

Welcoming Committee: The committee is still awaiting a list from Management of the new arrivals, so that a welcoming party can be arranged. Some have been here for over a month.

Landscape Report and Cottages Report: The monthly report was distributed to the Council and discussed with Michael.
