

PRESSURE POINT SHOOT-DOWN PROCEDURES:

- A. Should time and weather permit, the Tournament Director may designate classes for a Shoot-Down to determine the final order of finish.
- B. Designated classes may have up to five participants, however, should there be a tie for score and bonus rings for first, second or third place which would require more than five participants the Archery Alberta ASA Tour ASA Director may allow up to a maximum of six participants should safety conditions permit. Should there be a tie for the fourth or fifth position that would exceed five shooters the "Closest-to-the-12" tie-break procedure (see Scoring Rules "J") will be used to determine the fifth position.
- C. Prior to the start of the Shoot-Down all Unknown Class competitors will be provided a five-minute period to judge the targets. Anyone not present for any of the judging period forfeits this opportunity and will be required to adhere to the Shoot-Down pace without additional time for judging.
- D. The group will have one minute to shoot their respective target. Anyone not shooting within the allotted one minute will be given a zero for that target. Should weather condition dictate the Archery Alberta ASA Tour Director may elect to extend the time allotted or suspend the use of a clock.
- E. Shooters will remain at their stake until their arrow is scored before moving to the next target.
- F. Shooters are responsible for having enough arrows to complete the initial round of five targets.
- G. Should weather and lighting conditions permit as determined by the tournament director after the initial five target round, all shooters within ten points of the leader will proceed to a Final Arrow with the lowest score shooting first.
- H. Upon completion of the sixth and final arrow there will be a clear order of finish for first, second and third place. Bonus rings will break a tie in total score for first, second or third place. If shooters are tied for score and bonus rings for first or second the Archery Alberta ASA Tour Director will use the "Closest-to-the-12" tie-break procedure (see Scoring Rules "J") with the winner receiving an additional bonus ring to break the tie. A coin toss will determine the order of shooting.
- I. The Archery Alberta ASA Tour Director will choose which classes will do the shoot-down but will use the weather as a factor. All classes must have 10 men in a category or 5 women to make a shoot-down available. This will choose the top 5 winners for the tournament. It is the Archery Alberta ASA Tour Director that will have the final say on the shootdowns.

SHOOTER OF THE YEAR:

- A. In classes that average more than 10 male, 5 female, or 10 male/female combined shooters during the season, Shooter of the Year awards (belt buckles) will be presented at the Archery Alberta ASA Tour Classic to the top competitor.
- B. All classes will be based on two (2) tournaments top scores plus the Archery Alberta ASA Tour Classic.
- C. In classes that average less than 10 male, 5 female, or 10 male/female combined shooters during the season, there will be no belt buckle but their name will be listed as Shooter of the Year.
