

CFI. CFII.

# MADISUN MARQUEZ

Madison is one of our newest additions to the crew. She is a CFI and CFII accounting for about 550+ hours of flight time. She was a previous student of Skyview Aviation. She did her very first solo along with her PPL training here in Tracy. Her training then continued with CAE Academy in Arizona. Now she is back home where her love for aviation began. Her schedule is quite flexible for both Tracy and Byron, but booking up fast!

Madison- "Being back home has really brought everything full circle. I love to reminisce on where I fell for aviation and extend that passion to my new students. "
