Wow, we have had some great events this summer and we are going to keep them coming! We have a few more events planned for September and we look forward to seeing you there!! The turnout has been great and we love the memories being made. Have you been busy this summer? Well, there is still time to get out and enjoy the sunshine and your horse. The arena is open to all members every day. We have been working hard to keep the grounds looking great. We could always use your help though. Can you cut some blackberries? Can you help get the trails back to a usable state? We could definitely use a chainsaw to cut a few trees out of the way on the trails and there are always some bushes that need trimming or maintenance to be done. Just ask how you can help out. Our board members work hard every month putting on events and maintaining the grounds. Can you give back to give them a break?

Let's ride into September with some enthusiasm! The Board looks forward to seeing you at the club over the next few weeks.

FUN FACT:

Horses 205 bones in their skeleton. Arabian horses, however, only have 201. They have one less lumbar, tail vertebrae, and pair of ribs.
