DESCRIPTION: The Staghorn bows from Merrill WI were noted for quality and performance. They were high-end and high priced. This Staghorn with a Purple Heart riser has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in very good shape. The only significant flaw with this bow is that a former owner inserted a bushing on the side of the riser near the grip. The bushing was removed and filled with wood epoxy; there were also scratches around the bushing. you can see where the general area was re-repaired (see pic on last page). If I were to keep the bow I would likely place a leather grip around the handle that also covered the flaw. Otherwise, the bow is in excellent condition.
