**ROAD - JUST BEFORE GATE.** **CAMPERS BEWARE.** Please read....

Send a camp wide. Maybe more people will complain and something will get done. At the least, it may stop someone from getting hurt or someone breaking their car.

From: LPCC Manager ... I have called over 10 times since October. We need Base to make a phone call.

From: LPCC Secretary ... Do you think we should send a camp-wide warning folks about the culvert just before the gate? I know Tom grazed the fender of our rental coming in; and he wasn't going fast at all because he was aware of it.

**PAPERWORK.** Reminder - the date for registration to be paid and forms to be returned is coming soon. Please sign and return them soonest or call the office to make a one-time payment with a credit card.

**WATER.** In some areas, water will be on this weekend. The lower areas (i.e. Halifax and lots just above) still have snow and water lines are buried. The bathrooms by the office will be open by Friday but water will be turned off at night for the weekend.
