Tom

I am a setting Sheriff on the BSSA Conceal Carry Committee and I strongly believe in the Concealed Carry Law. I am a believer in the Second Amendment. I do not believe that there should be a ban on semi-auto assault rifles. I believe the Constitution supports this.

The Second Amendment was put in place for citizens to protect themselves. The Conceal Carry Law helps citizens protect themselves.

I believe that mental illness and the prevention and assistance for people who are inflicted with this should be of concern and steps should be taken to support the advancement of cures to help those inflicted. The possible assistance to opening up information on this to Law Enforcement may help us while enforcing the laws of this state to include Conceal Carry.

I do believe that people who use firearms to carry out a crime should be punished severely.

It is not the firearms that hurts people or does the crime — it is the individual.

Sheriffs are getting many calls on the Second Amendment issue / Conceal Carry issue which is ok with me and although I will not speak for others Sheriffs, the one's I have talked to do not mind the calls, but we don't want people to forget that they should be contacting other elected officials at the local and state level if they are concerned with losing their rights.
