**BOOTH SIZE AND INFORMATION**

All booths measure 10x10. There is limited space available so if your booth will measure more you will be charged double. Due to our attempt to encourage as many informational and non-profit booths as possible, we encourage info booths to share in order to maximize space. Assistance is available if organizations need help pairing up. You will have access to water and electricity, but you must provide your own SHADE, tables, chairs, lights and your own extension cords. We highly recommend pop-up structures as shade travels throughout the day.
