100 Years of Excellence in Catholic Education

St. Mary's School is celebrating their 100 year anniversary! We are very excited to kick off our celebration of this milestone during Catholic Schools Week. We are hoping to create a display including pictures and memorabilia from our school's past. If you or a family member have any items you would be willing to loan us, it would be greatly appreciated! Call the office for more information.

Catholic Schools Week Open House

We will be kicking off Catholic Schools Week with a special mass on Sunday, January 29. Following the 11:00 mass we will have an Open House at the school. Please mark your calendars. Many parish and community members have been invited as well as perspective families. We are hoping to have students attending who will be able to give tours, and parents who would be willing to be ambassadors for our school. A schedule for Catholic Schools Week will go home later this week along with a sign-up sheet for all volunteer opportunities. This is a chance to really show the community how St. Mary's School shines. We will need everyone to make this event a success. Thank you in advance for your support of our Catholic School's Week activities.

Curiosity Club

This Thursday, January 19, will be the first meeting of the Curiosity Club. This is a great opportunity for our St. Mary's scientists in 4k-5th grade to experiment, get messy, and have fun. Parents volunteers are welcome to help as long as their background check and safe environment training have been completed. Please call the office if you are planning to volunteer. Thank you!
