

Micaply™

UPPER & LOWER AIR GUIDE SEGMENTS OF HYDRO GENERATORS

*Manufactured as per the Design
and Specification of
GE Renewable Energy*

CARBON FIBRE PEDAL FOR KAYAK

*Designed and
Manufactured Prototype for
KAYAK CLUB, ITALY*

CARBON FIBRE DIVING FINS

*Manufactured Prototype as per
the design of INCH, ITALY*

FRP RAIL COACH WINDOWS PANELS

*Manufactured as per the Design
and Specification of
COACH FACTORIES (RCF),
INDIAN RAILWAYS, INDIA*

FRP WC COVER & MOULD

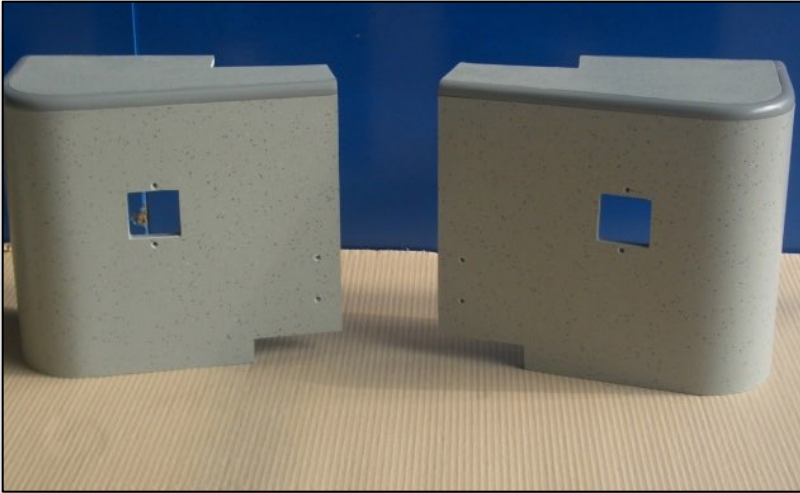

*Manufactured as per the Design
and Specification of
TRENORD TRAINS, ITALY*

FRP WC SEAT COVERS & MOULD

*Manufactured as per the Design
and Specification of
TRENORD TRAINS, ITALY*

VARIOUS MOULDING COMPONENTS

*Prototype Development for
various Customers*

IN-HOUSE TESTING FACILITIES

MECHANICAL TESTING	FIRE TESTING	ELECTRICAL TESTING	OTHERS
Tensile Testing	Toxicity Testing	Insulation Resistance Testing	Water Absorption
Flexural Strength Testing at room temperature	Smoke Density Testing	Breakdown at High Voltage Testing	Density
Flexural Strength Testing at 150°C/180°C/200°C temperature	Flammability Testing	Di-electric Strength Testing	
Impact Strength Testing	Limiting Oxygen Index Testing	Comparative Tracking Index Testing	
Compression Testing	Resistance to spread of Flame Testing		
Heat deflection temperature Testing			
Shear Strength Testing			
Splitting Test			

CERTIFIED FIRE-PROTECTION AS PER EN45545-2 STANDARD

**In railway transportation, fire
protection is the top priority.**

**We offer solutions which compliances
with the Internationally known
standards like -**

European EN 45545.
