<b>CAUTION:</b>	State law forbids the DPD from distributing information involving either juvenile perpetrators or juvenile victims.							
	Therefore, any incidents in your neighborhood involving juveniles as perpetrators or as victims are probably not listed here, making this report less useful than it should be.							
	The Crime Watch community would like to see that law amended or re-interpreted to allow the DPD to at least publish incident number, date, description, generalized address, and Method of Offense for all crimes.							
<b>Notes:</b>								
	[1]: * = Duration of occurrence >= 2 hr (date and/or time may not be actual start time of offense)							
	Crime is the UCR Description before 7/1/2018 and is the NIBRS Crime after 6/30/2018							
	Violent: V: The crime was serious and one of violence, N: The crime was serious but of a non-violent nature, Blank: less serious crime							
	G/FV = 'G' if the incident was gang-related, 'F' if family violence, 'GF' if both							
	Note that columns C (Occurrence End) and K (Premises) are hidden in order to fit sheet on page (landscape) for printing.							
	For details on any service number: go to <a href="http://www3.dallascityhall.com/publicdata/">http://www3.dallascityhall.com/publicdata/</a> , then click 'After June 1st, 2014' button then use the first eleven characters of the service number (e.g., 123456-2017) as the incident number. Note that only incidents on or after June 1, 2014, are available at the <a href="http://dallasareawatch.com">dallasareawatch.com</a> site. (The <a href="http://dallasareawatch.com">DallasAreaWatch.com</a> site maintains data back to 2011.)
