

Veterans of Foreign Wars Auxiliary  
Department of Wisconsin  
Hospital Bulletin August 2017

- ✓ Hospital Program Annual Donation of \$2.00 per member is now due. If you have sent in your donation thank you for supporting our Hospital Program.
- ✓ President Helen celebrated her birthday in July. Let's honor her birthday by making a donation to Hospital Projects in Helen's name!
- ✓ In October our VA Medical Centers and Veterans Homes Reps and Deps have special Halloween Celebrations and the beginning of November they recognize our Veterans on Veterans Day. Would your Auxiliary make a special donation to Hospital Projects so the 8 facilities can continue to have these special days?

To answer a question often asked, **Hospital Program** funds are used for the donation made at the official visit, expenses for these visits, and the expense of our Reps and Deps for their visits. The **Hospital Project** Funds are used for all special occasions though out the year for our Veterans and their families and special projects that our Reps and Deps have at their facilities.

If you can't volunteer at a VA Medical Center or Veterans Home, there are many different facilities in your community to volunteer your time and talent. Also include youth group volunteers with your Auxiliary to make cards and gifts for VA facilities.
