Toys	Radios	

We have very limited space to store and distribute donations of clothing and other supplies to our program clients, so we have to be selective in what we can accept. We hope you understand and know that we do appreciate your efforts to see that useful items make it into the hands of those who can use them most. We will occasionally put out a call on social media for donations of children’s clothing, diapers, toys, and household items. If you have something not on our list, but think we might be able to use it, please contact our Program Manager, Tiphannie at manager@svshelterservices.org

Other local charities that accept donations:

If you have something to donate and SVSS isn’t able to put it to good use, please consider donating to another local program.
