CAREER SUMMARY

Since 1991, Gary Briggs has maintained employment in the roofing and waterproofing consulting field where he has provided quality assurance inspection services related primarily to roofing and waterproofing projects. Mr. Briggs has twenty years of experience with Price Consulting, Inc. (PCI). Mr. Briggs' role at PCI is to provide quality assurance inspection services regarding roofing, waterproofing, and exterior restoration related services, perform condition surveys, and obtain technical data/information for renovation design.

BUILDING ENVELOPE EXPERIENCE

Mr. Briggs has performed non-destructive roof moisture surveys (infrared, nuclear, and capacitance methods), and visual condition surveys for built-up, modified bitumen, single-ply roof systems, shingle, and tile. Mr. Briggs has also provided numerous quality assurance field inspections of roofing, exterior wall, and waterproofing restoration and new construction projects of these systems.

REPRESENTATIVE PROJECTS

United States Department of State, Various Locations: Provided quality assurance field inspection for roof replacement projects world-wide on United States Embassy facilities, including documentation of contractor daily activities and coordination with facility/contractor personnel.

Memorial Hermann Hospital System, Houston, TX: Provided quality assurance field inspection services for roof replacement on several operational hospital facilities including documentation of contractor daily activities and coordination with hospital staff.

University of Houston, Houston, TX: Provided quality assurance field inspection for roof replacement of several clay tile and modified bitumen roof systems including documentation of contractor daily activities and coordination with university personnel and staff.

Houston Independent School District, Houston, TX: Provided quality assurance field inspection for multiple Houston Independent School District schools, including High Schools, Middle Schools, and Elementary Schools.
