Cubs & Fathers Annual Banquet Well Attended

Over 200 cubs and their fathers attended the annual father and son banquet held Saturday April 22, at 6:30 p.m. in the hall of Dorval United Church.

This get-together not only allowed everyone to mingle in the true spirit of scouting but it demonstrated the strength of the movement in Dorval. Speech making was held to a minimum and the boys ate their fill, paraded dads and were entertained.

Art Bennett, Group Committee Chairman, welcomed St. Veronica's Cubs who were guests for the evening. St. Veronica is a new Scouting Group started this year, which is just in the organizational stage.

Mr. Bennett, in his report on the Dorval Scout Group Committee's activities for the past year, explained that cubs had attended both Camp Anderson and Camp Jackson Dods last summer. Eleven swimming sessions were held at McDonald College during which time 8 cubs passed their swimming badge.

The Cubs took an active part in the Bicyclic Road Safety Campaign and 12 passed their cyclist Badge. Thirty other badges were won, including house orderly, guides, athletes, toy makers, collectors, first aid and team players.

In his report covering finances, Mr. Bennett readily admitted that fund raising was less successful this year than last. Money was raised by a light bulb day, an apple day and through the regular paper drive held every two months. "Although we raised less money," he explained, "We are still solvent and able to provide the best possible equipment and instruction for the boys."

During his remarks, he singled out the Scouters and thanked them for the time given in training the boys and for taking additional training. He stressed the work done behind the scenes by the Ladies Auxiliary, the Group Committee members and the sponsors for providing facilities and moral guidance.

Trophies were awarded to the best six in each pack. Mrs. J.B. Ross, Scoutee Pack Akela received from District Commissioner F. Brayden, her wood badge, neckerchief, beads and sash. Mrs. Myrna Woods was also presented with her certificate.

Mr. Bennett was contacted after the banquet. He is justly proud of his Group's activities. When congratulated he made the following remark: "It is impossible for one man to do this. It cannot be done without the full support of the Group Committee, the Ladies Auxiliary and a fine group of Scouters."

The evening closed with "Taps" after the showing of "The Kitimat Story" provided through the courtesy of Alcon.

INVESTIGATION OF CITY FINANCES ASKED

A motion by Alderman Bruce Goodfellow in the closing minutes of Friday night's council session, caused no little consternation among his fellow councillors.

The motion, in effect, called for an investigation of the city's financial condition and administration by a group of independent experts, in order to prove or disprove allegations made during the election, that the city was on the verge of bankruptcy.

Mr. Goodfellow and Mayor Pratt were concerned with the possible damage to the city's financial reputation particularly in the bond market, unless the statements in question were fully repudiated by an impartial investigation committee.

Mr. Glencross requested time for council members to

check into the situation personally before calling in an outside group. He therefore moved an amendment to Mr. Goodfellow's motion, asking that "the investigation be suspended until the end of August, during which time the members of the Council themselves may investigate the financial condition of the City of Dorval."

Mr. Macdonald seconded the amendment which was carried by a majority vote with Mr. Goodfellow dissenting.

Mr. Goodfellow's original motion, which reads as

follows, was then voted on and approved by all except Ald. Glencross:

"Whereas it has recently been said, repeated and written that the actual financial situation of the City of Dorval is extremely precarious due mostly to maladministration;

"Whereas, for instance, it has been alleged that the loan charges now amount to 34 per cent of revenue while the maximum figure for the repayment of said loan charges set by the Quebec Municipal Com-

LIONS ACCLAIM NEW EXECUTIVE

On Monday April 17th, 1961 the Lachine-Lakeshore Lions Club held its regular meeting at the El Paso Cafe, 2901 St. Joseph Street, Lachine.

Father W.J. McDonnell, Dean of Loyola College was the guest speaker and his subject was "Higher Education" in the Province of Quebec. Father McDonnell believes that too many of our young people considered a primary or secondary education sufficient, and would rather find employment than enter College. He also stressed the high percentage of failure of first year college students which ran as high as 30%. He also stated that many students who go to classes appear to go through the motions of study and do not make enough effort.

For the first time in the history of the Club the speaker was introduced by a member, Mr. Ray Bertrand who was the guest of his father Vice-president Omer Bertrand. Then Frank Fairhurst thanked Father McDonnell on behalf of the Club.

Two visiting delegations, one from the Lakeshore West Lions Club headed by President Alex McIntosh, and the other from the Akashik Lions Club with their president Walter Weir attended the meeting and in addition we had

five other guests. Approximately 87% of the members were present, a very commendable turnout.

Immediate Past President John Pope, chairman of the Nominating Committee gave the second reading of the Committee's proposed slate of Officers for the year 1961-1962:

DORVAL MAN DISTRICT JAYCEE PRESIDENT

E.C. Amos, President of the Dorval Junior Chamber of Commerce, was elected President of District II, Quebec Jaycees, at a day-long conference held at the Edgewater Hotel, Pointe Claire, on Saturday, April 22nd. Mr. Amos succeeds Rene Lefebvre, also of the Dorval unit, to this position.

The Spring Conference, hosted by the Pointe Claire Junior Chamber of Commerce, was attended by delegates from the Dorval, Pointe Claire, Roxboro, Saint Laurent, St. Martin and Verdun Junior Chambers of Commerce that form District II, as well as guests from the Mount Bruno Jaycees and the Montreal Junior Board of Trade.

In the morning sessions, St. Martin defeated Dorval for the District Debating Championship; subject of the debate was, Resolved that the decline of chivalry is a consequence of woman's struggle for equality with men. St. Martin, who took the negative side of the resolution, will represent District II at the Annual Provincial Convention in May for the provincial championship.

Three Resolutions were submitted by the various units, receiving the approval of the delegates. St. Laurent submitted a Resolution that 'Montreal's proposed annexation law be rejected'; Dorval - 'Revision of existing bilateral air agreements' and Pointe Claire - 'To study the feasibility of a Metropolitan "Green Belt".'

Much heated debate took place among the delegates on the Resolutions before being ratified for presentation to the Provincial Board of Directors.

During the afternoon, Doug Duncan of Dorval won the Oratorical Contest, with Murray Crove of Pointe Claire placing second. Mr. Crove entered the contest speaking on "Immigration, its cultural effects on Canada."

Special guests at luncheon were Alderman A. Bissonette of Pointe Claire who welcomed the delegates on behalf of this city, Alderman W.G. Milson of Dorval who is also Provincial President of the Quebec Junior Chamber of Commerce, Ken Tremblay and Ralph Good-murphy, Provincial Vice Presidents of the Quebec Jaycees and Dave Dykeman, President of District I, Quebec Jaycees.

A presentation was made to Rene Lefebvre, retiring District II President Kees-44, President of the St. Laurent unit, on behalf of all Jaycee units in District II for meritorious and devoted service to District II during the past year.

Ed Amos was elected to the District Presidency on the third ballot. Other candidates were Lou Champoux, Past President of Pointe Claire and Executive Vice President of District II, Bernis Keegan, President of St. Laurent and George Greenhalgh, Past President of St. Martin.

Ed Amos, President of the Dorval Junior Chamber of Commerce, was elected President of District II of the Quebec Junior Chamber of Commerce at their Annual Spring Conference held at the Edgewater Hotel in Pointe Claire, Quebec, left to right, Rene Lefebvre, retiring President of District II, Ed Amos, and Bill Milson, Provincial President of the Quebec Jaycees.

CITY COUNCIL PROBE DEPTH OF POT HOLES - DORVAL AVE.

John Pratt says

PUBLIC WORKS

In the last three years more than 400,000 new homes have been built and nearly one-half received federal government assistance.

Of this total close to 100,000 homes were built with the aid of direct National Housing Act loans. The total amount of direct N.H.A. loans in the past three years was almost \$1 billion.

Compare this with less than 8,000 housing loans totalling less than \$58 million in the previous three years.

More homes are being built and more direct housing loans are now available than in any other period in history.

The amount of N.H.A. money available for direct lending was increased, and has continually increased, so that now \$1.5 billion is available for housing loans. Compare this with the inadequate \$100 million loaned previously.

Canada's ambitious home building program has maintained the stock of reasonably priced houses for an expanding population and had provided employment for hundreds of thousands of Canadians.

Honourable David J. Walker, Minister of Public Works, laid down the Progressive Conservative Government's policy in no uncertain terms. He stated categorically in the House of Commons that the -

"Government would not be reluctant to use Central Mortgage and Housing Corporation as a major lender when this does not interfere with the adoption of sound fiscal policy."

The amount of loans made by approved lenders was increased from \$4 to \$6 billion. Because these loans are insured by the Government of Canada, private lenders are willing to lend their funds at a much lower rate of interest than might otherwise be the case. HOUSING LOANS ARE AVAILABLE TO MORE CANADIANS THAN EVER BEFORE.

WINTER PROGRAM
 The Hon. David Walker an-

nounced in October an ambitious program designed to provide the maximum amount of winter employment.

Effective October 11 and up to the end of 1960, all income limits have been removed from direct N.H.A. loans to home owners and builders.

"This means that any applicant, regardless of income, may now qualify for a federal mortgage loan if he is unable to obtain financing from an approved lender." "In addition, ALL CMHC LOANS WILL NOW BE REPAYABLE OVER 30 years . . . this should assist materially those families who may have been hesitant in building or buying a house because of monthly carrying charges."

Honourable David Walker
 Minister of Public Works

For the first time, home improvement loans are available to owners of rental properties, including apartment buildings. Prior to an announcement by the Minister of Public Works on October 11, 1960, improvement loans were available only to individual dwellings.

Now these facilities have been extended to apartments and other rental properties for alterations, interior and exterior decoration, plumbing, heating, and electrical work.

The Minister also announced on October 11, that the Government would make available immediately two direct loans per builder. These loans are intended to finance the construction of display homes which will aid builders' sales of pre-sold houses.

The interest rate on limited dividend loans for low rental apartments was lowered from 5-7/8% to 5-1/8%.

Miss Gail Allard, Miss Dorval of 1958 and runner up for Miss Canada at Burlington, Ontario last year will appear with the Lakeshore Variety Players' musical comedy "Great-Grannie's Capers" which will be presented at the Dorval Recreation Centre on the evening of May 25th and 27th.

This versatile young lady will perform (with Mr. Ralph England) the "Death Scene" from Edmond Rostand's great classic "Cyrano de Bergerac." In this reading Miss Allard will portray the beautiful and charming Roxanne: Cyrano's great love. A great beauty herself with fine acting ability, Miss Allard will be a great asset to the Lakeshore Variety Players' production of "Great-Grannie's Capers."

As no nominations to contest the proposed slate were forthcoming from the floor the above proposed slate was elected by acclamation.

The Lachine - Lakeshore Lions Club are still in need of used eyeglasses to be sent to India. Information may be obtained by calling Lion Tom Scott, DO 6-5280, Chairman of our "Bank of Light" project.

Deputy District Governor Les Britcher, one of our own members, gave us a detailed report on the progress of the Region Rally being held on May 3rd, 1961 at the Montreale West Town Hall at 6:30 P.M.

Our regular meeting of Monday, May 1st, 1961 has been cancelled to permit all our members to attend the Region Rally. A 100% turnout is expected.

For projects started before the end of 1960, the Government will increase the maximum loan permitted from 85% to 90% of the total cost.

Loans will be made directly to builders for the construction of pre-sold homes.

These changes will provide the opportunity for many more Canadians to purchase homes under the Progressive Conservative Government's aggressive housing policy.

GREATER MONTREAL VIOLET SHOW

The African Violet Society of Greater Montreal will hold its twelfth Annual Show on April 28 and 29 in the Wesley United Church Hall, N.D.G. and Royal Ave. The public are invited to visit this truly remarkable display and enjoy the fragile beauty of these tropical house plants in all the colours of the rainbow. Each year newly developed varieties representing years of effort are to be seen.

Mrs. William Hamilton will formally open the show at 3 p.m. on April 28. Trophies and other awards will be presented on the following afternoon to the winners in the numerous classes. This year there is a special class for Gloxinias and the Orchid Society will again display many varieties of these exotic beauties.

Crafts are a popular part of the specially tailored club programme which Lakeshore Welfare Services operates for mentally handicapped teenagers in the Lakeshore area. By K. M.

25th ANNIVERSARY: When the phone rings on Thursday nights I can expect anything -- Dorval Reporter day -- and the readers are on their toes. It is nice when the phone call turns out to be an "I agree with you" one. Such a call came last Thursday from Mr. Jimmie Darou who phoned promptly to say that he liked what was written in this column about Suburban Living in Dorval. "Dorval has so much to offer in good living, and I hope the citizens appreciate it!" Most people know the Darou story and realize that the words carry weight because they come from a man who has spent a lot of time thinking and talking about things of value. Jimmie Darou, who at the peak of his career as a jockey suffered a serious accident and fought his way back to a useful life after four years of hospitalization, has been a wonderful example of courage and good faith. Mr. Darou, his wife and son Donny have made their home in Dorval for six years and "wouldn't move from the suburbs for anything." This week is a special week for the Darou's. It marks on April 26 his 25th Anniversary at his own Texaco station in Montreal West, a business built with hard work, handicaps, and "hanging on tight, especially when you are at the end of the rope!"

50th ANNIVERSARY PARTY: A very small girl who, years ago, took a train ride "away out into the country" (Dorval, Pine Beach area, circa 1918) to visit her aunt's summer home, did not foresee that in 1961 she would live in Dorval and arrange a 50th wedding anniversary party for this uncle and aunt. Mrs. John C. Corbett last weekend held a family reunion party at her home on Vinet Avenue for Mr. and Mrs. John Egan from Holbrook, Mass. who were married in St. Gabriel's Church in Montreal in 1911. The anniversary celebration brought together, from Montreal and district, and from the United States, fifty relatives, ranging in age from 5 to 75 years, and including another aunt and uncle celebrating their 45th wedding anniversary on the same day. Mrs. Egan is also Mrs. Corbett's godmother. The gift presented to the golden wedding couple was a gold bowl and match candlesticks.

LIBRARY BLITZ: Something new in fund raising and a departure from the Telephone Bridge -- will be a one hour stand at storming the doors -- May 17 -- with canvassers calling on householders and asking a 50 cents per family contribution to the Dorval Civic Library. Conveners are Mr. J.G. Dolan, Mrs. J.H. McLellan, Mrs. C. Prieur, and Mr. L.G. Hackert. Mr. Hackert is heading up the committee which has organized the canvassing through various local community associations. Mrs. M. Cantwell, who last week took over the St. Veronica's C.W.L. Library convenship, is in charge of Publicity.

SAFETY: Mrs. Mae Godbeer has given good attendance marks again this year to representatives from all schools in Dorval who turned out to the organization meeting for the Bicycle Safety Programme. A special message which the Dorval Safety Council would like to bring to the attention of students who do not go to school in Dorval (but live in Dorval) -- These students may participate in the Bicycle Safety Tests by registering name, address, phone number with the Dorval Safety Council, City Hall, 40 Martin Street, Dorval.

PEOPLE: Captain Gartepy confirmed a report that the quick thinking action of an observant neighbour brought about the arrest of young men suspected of a number of crimes. The men were seen on local premises where the owners were absent for the weekend, and were picked up by the police. Alerted by a phone call, police were able to recover stolen goods before the owners knew it was missing . . . Mrs. B. Oldaker, Chairman of the Canadian Cancer Society Campaign in Dorval reports that a Co-Chairman, Mrs. A. Saunders, 17 team Captains, and 280 canvassers assisted in the drive ending this week . . . Dorval interest in Curling is becoming more and more apparent. Elected to the Board of The Greystone Curling Club, Mr. Phillip Berman, 1040 Carson Ave., President, and Mr. Manuel Shacter, 10 3rd Ave., Treasurer . . . Assistant Deputy Police Chief of Pointe Claire, Wm. Jalllett was honoured recently at a Testimonial Dinner in honour of his 25 years of service with the force . . . Congratulations to J.S. (Jan) Anderson, 18 Tulip Avenue, winner of the Internal Scholarship, Senior School, Lower Canada College . . . Mr. Joe Hart of Hart Motors, was recently elected President of the Montreal Association for Retarded Children . . . LITTLE LEAGUE GETS UNDERWAY

Last Saturday St. Charles Park was filled with ardent boys anxious to play baseball. The field was in surprisingly good shape for the amount of rain that we had had. The puddles and mud didn't dampen the initial enthusiasm.

Some of the boys will feel lost after their first trip out. They may feel that no one is paying any attention to them. We will attempt this week to explain to boys and parents, just what is happening at St. Charles Park.

125 boys turned in Registrations last Saturday morning. More tryouts for Little League will be held April 29 and May 6. All of those boys not making the Little League Teams will play Minor League Ball every Saturday morning after the initial tryouts are over.

WHAT HAPPENS AT TRY-OUTS?

Several parents have asked me "What are they doing?" Looking at a field full of boys, all does look like confusion.

You will have noticed that the 12 year olds are together, the 11 year olds are grouped, and another part of the field is reserved for ten and under.

Little League teams are in the main made up of 11 and 12 year olds. So naturally emphasis is placed during the initial tryouts on those of 11 and 12. Circulating around the playing field you will see men who carry little books and who are

making notes furiously. They are "scouting" for new talent. They keep records of all likely prospects - not only 11 and 12 year olds!

And boys - Be a ball player when you are on the field - do not be a smart alec. Remember to watch where you are throwing the ball. Keep your own eyes open and be alert! No one wants to see anyone beaned accidentally!

Last Saturday was just the initial "scouting" day for talent. If some of the boys feel badly about the way that they performed, it may be that they were nervous. Nothing was decided finally, you still have plenty of opportunity to make up for that "off-day" that you had. Next Saturday we want to see more boys in attendance - there are many good players who haven't turned up yet.

HAVE YOU GOT THE RIGHT GLOVE?

If any of the parents are considering outfitting their son with a new glove - be sure that it is the right type. It must be a finger type used by fielders. A "trapper" mitt is not allowed by the Little League Rules.

We noticed, one or two new "trapper" mitts on the playing field Saturday. We do not like to see parents spend money needlessly.

Sweaters Deserve Careful Care

Gals, don't get into hot water with a cashmere sweater, warns the National Institute of Drycleaning. Most damage to cashmere sweaters is caused by hot water, agitation or too much moisture. Careful drycleaning is safer.

"Y" DAY CAMP ON ILE PERROT

Already, the programme folders for Day Camp Meadowbrook are at the printers and will be available within a week for those who are interested in enrolling their children for two, four, or six week periods.

The wide variety of programme will assure the youngsters of a wonderful holiday away from the city to the lovely camp at Ile Perrot with plenty of sunshine, playground with swimming, handicrafts, etc.

Beautiful green and rolling countryside by the St. Lawrence River where the camp is located is a campers paradise, and many have come to love it and are looking forward to another enjoyable summer.

The past storm had damaged

many of the beautiful trees, but work parties from various Lachine and Lakeshore groups have spent many days and hours clearing and burning brush, doing maintenance work, and preparing the camp for the opening day, July 3rd, continuing through to August 11th; thusly, and camp and beach will be more adequate than ever.

Registrations are run in three two-week periods. As the camp staff provides a more enjoyable experience for the children by working with them for longer periods, parents are encouraged to register their children for more than one period. The three periods are: (1) July 3rd to July 14th (2) July 17th to July 28th (3) July 31st to August 11th.

HOSPITAL SETS HIGH STANDARDS FOR OPERATION

Efforts to guarantee top-flight medical care are reflected in every aspect of planning for the new Lakeshore General Hospital, it was stated this week.

J. Alasdair Fraser of Beaconsfield, president of the hospital, said that the aim is to obtain full accreditation for Lakeshore General with the least possible delay.

Mr. Fraser explained that accreditation is a jealously-guarded seal of approval, granted only to hospitals whose facilities and administrative procedures measure up to standards set by an organization called the Canadian Council on Hospital Accreditation.

"Not until a hospital has completed a full year of operation can it even apply for accreditation," he said. "And once accredited, it comes

under constant surveillance to assure that the standards continue to be maintained."

The Council is an independent, voluntary, non-profit corporation. Its constituent members are the Canadian Hospital Association, the Canadian Medical Association, the Royal College of Physicians and Surgeons of Canada, and L'Association des Medecins de langue française du Canada.

The set of standards which the Council has devised and to which all Lakeshore General planning has been geared, covers virtually every aspect of hospital operation, from proper housekeeping and adequate laboratory facilities to provision for

an organized medical staff and efficient nursing service.

In accordance with the standards, for example, Lakeshore General will have a pathologist on staff, it will have a tissue committee, to inspect tissue from each operation that is performed.

It will also maintain a clinical laboratory, a blood bank, radiology services, and a medical reference library.

"Our aim is simply to provide the finest possible medical care for all the people in the areas which Lakeshore General will serve," said Mr. Fraser. "Accreditation helps us do that by giving us standards to achieve and maintain."

SPECIAL SCHOOL FOR MENTALLY HANDICAPPED

Adolescents who could be very lonely teen-agers are receiving help and companionship through a unique project operated by Lakeshore Welfare Services, one of the 20 Red Feather Agencies which serve the Lakeshore district.

The teen-agers in question are mentally handicapped young people who are able to attend school but study at levels far below their age group. For the past three years, 20 such teen-agers between the ages of 12 and 16 have been members of the Lakeshore Vocational Project, a Club with a programme tailored specially for their needs.

"We offer a social and recreational programme which we believe provides rich opportunities for personal development," says Mrs. Mary Coulter, Lakeshore Welfare Services' executive director.

The Lakeshore Vocational Project was the outgrowth of a study made by a special committee of the Lakeshore Welfare Services. The duties of the committee were to consider the needs of mentally handicapped children on the Lakeshore. Among other things the study indicated the plight of educatable but mentally handicapped teen-agers. They were growing up, the committee reported, isolated socially and ill-prepared to hold jobs after leaving school.

"In our Friday night club meetings we try to include a blend of education and fun," Mrs. Coulter says. "The club has held square dances, sugaring-off parties, sleigh rides and has made visits to points of interest."

You don't say, Lady Pamela!

Oh, but I very definitely do, Your Grace.

You mean to tell me this charming Lakeshore city has more to offer shoppers than, say, the "big city" stores?

Infinitely more, my dear. Why, I never go shopping in town anymore!

But it seems incredulous, Lady Pamela, that we might expect the same scope and quality in Dorval as we see, for example, on Bond Street or in Continental centres.

Incredulous but true, Claude. You see, most discriminating people have moved to Dorval from the hurly burly of the city, and Dorval merchants - charming chaps, by the way - have gauged both their quality and their prices to giving the very most for the very least. Really, dear boy, you must join me on my shopping tour today. You'll be jolly well astounded.

Capital! Lady Pamela, I'll call the coach and fours.

Nonsense, Your Grace. Let's walk. There's so much to see in the Dorval shops, one should take one's time.

Power & Telephone Lines

Copies of letters from Quebec Hydro and Bell Telephone regarding the placing of power and telephone lines on rear lot lines, preferably underground, were read to Council and subsequently referred to the Public Works Commission for study and report in conjunction with the City Manager.

It was pointed out by Alderman Glencross that the Bell Telephone is promoting the use of underground lines wherever possible and particularly in new housing developments.

Contest for "Miss Lakeshore Gen. Hospital"

Tribute to be accorded Miss Lakeshore General Hospital includes several major prizes, it was announced this week.

From Trans-Canada Air Lines, she will receive return transportation for two people to any destination on TCA's routes in North America. She will also receive one week's free room accommodation for two people at any hotel in the Hilton chain.

Henry Morgan & Co. are donating a complete travel outfit, and the outfit is expected to be on display this week at Morgan's Dorval store. In addition, the winner will receive a season skipass to Mont Gabriel in the Laurentian Mountains.

Open to registered nurses who meet several qualifications, including the fact that she or her family must be Lakeshore residents, the contest to choose Miss Lakeshore General Hospital will close at midnight, May 2nd. It is being held to highlight the Lakeshore General Hospital Fund's forthcoming \$2.5 million public subscription campaign.

Completed entry forms should be sent to Miss Lakeshore General Hospital, c/o CFOX, 203 Hymus Blvd., Pointe Claire.

mission and by loan institutions is 20 per cent of revenue;

"Whereas it has been discovered by presumably financial experts that over \$7,000,000 of our debt is due by the year 1969 and in order to pay only the capital of such amount, it will be necessary to set aside \$800,000 per year for the next eight and a half years;

"And whereas no sinking fund has been set aside and therefore the City of Dorval may go bankrupt unless the revenues are raised by at least 20 per cent and there are no further borrowings by the Council;

"Whereas, because of such publicity it would be in the public interest to have the situation fully investigated by independent experts;

"Therefore, be it resolved that the Council be and is authorized to hire independent experts to investigate the financial condition of the City of Dorval in general and more particularly, the facts referred to in the above preamble and prepare a written report accordingly, with proper recommendations - the whole within thirty days after the date of their nomination."

It was also noted that if Quebec Hydro poles at the street line were non-existent, the City would have to pay for and install its own light standards.

The burying of T.V. cables and other types of communications lines was also recognized as desirable from an appearance point of view.

School Child Health Service

A suggestion by the Protestant School Board of Greater Montreal that the City of Dorval assume financial responsibility for the School Child Health Services provided by the Board in Dorval, was referred to the Public Health Commission and City Manager for study and report back to Council.

Present cost to the Board in Dorval is \$5100 per year. Most, but not all, municipalities defray this expense themselves, according to the Board.

It was pointed out by the City Manager that Dorval contributes approximately \$19,000 per year to the Provincial Health Unit of Jacques Cartier County.

Vacant Lot By-Law

A notice of motion to retain Mr. Marcotte to investigate and prepare a by-law to enforce the maintenance of vacant lots was approved by a majority vote. Aldermen Goodfellow and Glencross dissented.

Miscellaneous

Approval was given to contract for the drawing-up of plans of the proposed extension to the city's filtration plant.
