

ZAAP Artist - of the MONTH-

"ZAAP is always looking for ways to expand our community base and membership! We're always looking for partnerships that benefit our community and members. We are excited to support this group of friends in their new journey and recovery that happens "one day at a time!" We hope that some of this month's featured guest artists from Muskingum Behavioral Health will consider joining our ZAAP gallery and allow us to watch them grow and blossom in recovery thru their art! Congratulations to you all and what a great step in your lives!" *Erin France, ZAAP member.*

"Muskingum Behavioral Health has added a new program to their recovery services. Clients now have the opportunity to express themselves through art work. Even though this is a volunteer art program it has become a popular activity. Many of the clients say they look forward to the open painting time and show pride in their work. When clients leave the painting time they are all smiles!" *Kris Headley, Muskingum Behavioral Health.*
