Dear American Legion Post 218

I would like this letter to be kept as an indication of mine and CZ-USA's support for the Clay Bird Trap Shooting program. We here at CZ-USA feel that it is paramount to educate our youth about gun safety and how to properly own and care for a firearm. CZ-USA is very thankful for organizations like yours because it ensures the preservation of our heritage to own firearms and use them for ethical hunting and recreational shooting.

Dave Miller Pro-Shooter for CZ-USA after a practice run for the most clay targets shot in one hour. The official Guinness World Record Attempt is May 16 2015 at Heartland Trap and Wobble Skeet, Harrisonville Missouri.
