DESCRIPTION: Here is a really nice low poundage Howatt. Ideal for someone wanting a lower draw weight. No delamination; no cracks; limbs are straight. Overlays and tips are in great condition. Tip overlays on both sides of the limb. No drilled holes. No chips, dings or cracks. No stress lines or crazing. Except for a couple of areas where the varnish was not sun "bleached" (where a Hoyt rest was and where some tape was on the side of the riser), this bow is in mint condition.
