- Dr. Sun is an amazing addition to the Government program and the community here at CNU.
- Well rounded topics and enjoyed the different in class activities.
- Great teacher and seems to genuinely care about our understanding! Love his real world simulations because it makes the realistic approach much more understandable. I dont even like economy but really enjoyed this class.
- Great teacher. I am taking him again next semester
- He really cares about his students and how well we do in his class. I do not like economics but he has made it more understanding in many ways.
- The professor is good, but sometimes I had a hard time understanding the material. I?ve never taken an economics class which made it more difficult for me.
- It would be easier to review for exam if the slides were a little more detailed
